Historical Society in Discovery Field Trips

Members of the Truckee–Donner Historical Society made a recent field trip to the site of the Worn Lumber Mills on the Little Truckee River below Stampede Dam.

Many small artifacts of a by–gone era were discovered in the ruins.

A field trip will be conducted to the historic site of Summit City, at Meadow Lake on the weekend of August 24–25.

Cleaning up the old cemetary on the site is planned as well as locating battles, old gold mines, and historic artifacts. Those wishing to attend this field trip should bring camping equipment, rake and shovel. Those who do not wish to camp are invited to join the group on either Saturday or Sunday.

The trip will start in front of the Olympic Cafe in downtown Truckee at 9 a.m., Saturday, August 24.

Saturday, September 14, members of the historical society will replace some of the missing emigrant trail markers.

Members of the society feel that the route of the California–bound emigrant as they passed through Truckee basin must not be lost to posterity.

The Sierra Jeep Club will furnish transportation. Adults and teen–agers are invited to attend both field trips. This trip will also start in front of the Olympic Cafe at 9 a.m., Saturday, September 14.

Plans for these adventures into history will be discussed at the historical society's next meeting August 15 at 8 p.m. in the government building, Gate–way.

Set Election Of Directors For Hospital

A general election to be consolidated with the state–wide general election has been called by the governing board of the Tahoe Forest Hospital for the purpose of electing two directors. Terms of William B. Vail of Soda Springs and Dr. Gardiner Pier of Squaw Valley are terminating.

Candidates seeking the offices to be vacated must apply for nomination papers from the clerk or secretary of the board at the hospital within 65 days prior to the election on November 5.

Open House At Park District

The Truckee–Donner Recreation and Park District will host an open house of the summer program at the high school on Monday, August 20, 1968, from 4 to 6 p.m. Parents and interested citizens are invited to attend and observe a typical day's activities.

One Man's Opinion

By CARL BRIGGS

The trouble with a weekly newspaper is that everybody else gets up to bat first. Most historic events — and I openly if defensively refer in this instance to the Republican National Convention — are so well documented, disected, and delivered up by the dailies and other new–fangled media that there is little left for the weary weekly editor perched miopically on his high stool in sleeve garters and gree eyeshade.

The good jokes have all been unleashed, subjecting the public rib to its anticipated tickling. Herb Caen, as usual, has stolen my penetrating profundities and Eric Severied has applied the same meaningful denoument that I labored over so many hours.

Anyway, we all had plenty of time to reflect on weighty matters during the convention, there being few distractions, and in reducing the whole thing to a simple formula one might conclude that the Democratic party increases in weight and mass in direct proportion to the unceasing quadrennial frustration of Republicans.

* * *

Good things are happening in the Greater North Lake Tahoe area, and if you are not taking part as a spectator or participant then you are missing some unusual opportunities. The Tinker Belles flower show in Truckee was well worth attending last Saturday; the August Music Festival at Incline Village later this month promises to be an outstanding cultural event, a rather unique entity in itself; there will be an open address at Squaw Valley by the Maharishi, on transcendental meditation; and there are thievres markets and flea markets and art exhibits and other interesting events taking place often and in various locations. Look around. Good things are happening.

* * *

We are misssing a couple of regular features today: Walt went to Sacramento to gain some relief from all the traffic and congestion, while Vi White is off backpacking in the high Sierra with Carson and friends, presumably for the same reason. Next week we can happily expect lots of sunbeams and woodsy lore, in that order.

Big Annual Flower Show Staged By Tinker Belles

The Sierra Tinker Belle's Garden Club of Donner Lake and Truckee held their third annual flower show and bazaar at the old inspection (bug) station on Saturday, August 10, featuring floral entries in all catagories, and display paintings. Proceeds from the show will go to help beautify the Truckee and Donner Lake areas.

Winners in the senior classes were: China Cove: first — Suzanne Reams of Truckee; second — Isabel Bruchlacker of Tahoe City; third — Louise Carter of Donner Lake.

Lavender and Old Lace: first — Claudia Loynd of Truckee; second — Suzanne Reams of Truckee.

Trail Blazing: first — Lottie Horton of Donner Lake; second — Salina Stieder of Truckee; third — D. McGihan of Truckee.

Farewell to Summer: first — Mabelle Hadley of Donner Lake; second — Edith Davis of Truckee; third — Lottie Horton of Donner Lake. A mobile titled "Clouds" by Mr. Ralph Cummings was awarded a blue ribbon. It was a unique creation of manzanita.

From the Sierra Woods: first — Lottie Horton of Donner Lake; second — Lucille Quilici of Truckee.

Monotint: first — Isabel Bruchlacker of Tahoe City; second — Dorothy Maragliano of Donner Lake; third — Pat Sutton of Truckee.

Too Good to Eat: first — Betty Dearman of Truckee; second — Lottie Horton of Donner Lake; third — Carrie Benedict of Sacramento; honorable mention — Billie Boelk of Donner Lake.

Winners in the Junior Division were: Flowers of Summer: first — Deana Phipps, 15, of Reno; Margaret Kuttal, 12, of Truckee; and Monica Sieg, 11, of Donner Lake; second — Paula Sutton, 11, of Truckee.

Dry Arrangements: first — Cindy Dolley, 8–1/2, of Incline Village; second — Ann Wilkins, 10, of Truckee; third — Nancy Sieg, 10–1/2, of Donner Lake.

Objects: first — Mickie Davis, 14, of Truckee; Monica Sieg, 11, of Donner Lake; second — Ann Wilkins, 10, of Truckee.

Monotint: first — Teresa Studer, 7, of Truckee; Ann Wilkins, 10, of Truckee; second — Nancy Sieg, 10–1/2, of Donner Lake; third — Paula Sutton, 11, of Truckee.

Miniature: first — Debbie Bell, 9, of Colma; Paula Sutton, 11, of Truckee; Cindy Dolley, 8–1/2, of Incline Village; second — Sandy Dolley, 7, of Incline Village; honorable mention — Monica Sieg, 11, of Donner Lake.

The juniors won the most blue ribbon awards.

Third prize of choice vegetables grown in the garden of Mrs. Osburn, went to Mr. Leland Brown of Donner Lake. Second prize, a giant head of cabbage that looked like a huge rose, was won by Mrs. Mabelle Hadley of Donner Lake. Winner of the silver dollar tree was Mrs. Salina Studer of Truckee.

Tapia Girls Star In Show

Bonnie and Lonnie Tapia, daughters of Dr. and Mrs. H. P. Tapia of Donner Lake, were selected to take parts in the current Music Circus show at Sacramento, where "A Funny Thing Happened on the Way to the Forum," Aug. 12 through 18.

The Tapia twins are well known here as graduate students of the Tahoe–Truckee High School and for their participation in Lake Tahoe and Truckee civic events and beauty contests. The young women are enrolled at Sierra College for the fall semester.

The Truckee girls were selected from a large group of twins who applied for the parts in the popular production.

A WINNER – This first place award in the Sierra Tinker Belles Flower Show was in the Kitchen Bouquet category and went to Dawn Whitney of Donner Lake. —Sun Photo.

MONOTINT – Interesting class was won by Mrs. Isobel Bruchlacher of Tahoe City; unique show was held Saturday in old bug station. Truckee. —Sun Photo.

Shriners Announce Annual Free Circus Trip For Kids

Guy Michaels, President of the El Tahoe Shrine Club at North Lake Tahoe and Truckee, announced today that his club's plans for the annual children's day at the Polack Bros. Shrine Circus in Reno, Friday August 23, were completed and that cheildren could begin signing up for the free trip after August 12.

Michaels pointed out that children ages 6 years to 12 years would be guests of the shrine club all day, starting with the ride to Reno, lunch at Idylwild Park, admission to the circus and their return trip home, all free.

Special arrangements for slightly younger children to attend can be made in advance, if the youngster is accompanied by a responsible adult, Michaels added. Young adults over 12 years can not be included because space is limited.

This year's circus chairman, James Warrington, warned that children could not ride the circus busses unless their parent or guardian had signed a permission slip. These slips are available at the following locations, Warrington said: The Crystal Bay Club, Hale's Drug Store and Eagle Thrifty Shopping World in Incline Village; Ward's Store (old post office location) Kings Beach; Conner's Chevron Station or Kehoe's Market; Tahoe City; Tahoe Park Store, Sunnyside; Homewood Market, Homewood; Walker's Toggery and the Mini–Mart in Truckee; and Soda Springs Post Office, Soda Springs.

"It is hoped that all children will get their slips early, get them signed by parents or guardians, and have them ready before the bus departures, because, we can not take children who do not have a properly signed permission slip," Warrington reminded.

The trip is scheduled for August 23, and busses have been chartered by the shrine club from Incline Village Inc., and, the Tahoe–Truckee Unified School District, to leave from Eagle Thrifty in Incline Village at 9:15 a.m.; leave the Squaw Valley entrance corner at 9:45 a.m.; and leave the Tahoe–Truckee High School (all busses will meet here for convoy to Reno and the circus) at 10:30 a.m.

Guy Michaels urged all children to be early and not miss these departure times, because the busses would not wait longer than their schedules. "In fact, it would be wise to be about a half hour early," he added.

The Polack Brothers Shrine Circus is an annual affair and is one of the means whereby shriners raise funds to support their hospitals for crippled children.

Federal Officials Will Make Tour Of Truckee-North Lake Tahoe Area

Twenty federal officials from Washington, D. C., and regional representatives of government agencies, headed by Congressman Harold T. (Bizz) Johnson, are scheduled to spend two of four days in the Truckee–North Lake Tahoe area during an inspection tour of the Tahoe region between Aug. 19 and 22.

The tour of most federal projects and particularly those pertaining to pollution control will commence on Aug. 19 in Alpine County and South Lake Tahoe.

According to information received by Fred Hodder, manager of the Truckee Sanitary District, who is arranging for the local visit, the group will spend the night of Aug. 21 at Incline Village and will be picked up there by bus and joined by 20 local officials at 8:30 a.m. Aug. 22 for a visit to federally financed projects in this area.

These projects will include Martis Valley, the Truckee–Tahoe airport, the three projects under construction by the Truckee Sanitary District, Stampede Dam, sites proposed for the Plan B sewage treatment and disposal plants, and Squaw Valley.

At noon, a luncheon will be held at Donner Lake Lodge where the speaker will be Val Cameron of Seattle, regional director of the Western Area of the Economic Development Administration, an agency supplying grants for the construction of a Donner Lake sewage disposal system. Another speaker will be Max Edwards, assistant secretary of the federal water pollution control board.

The delegation will return to Incline Village following the lunch.

Soaring Meet For Truckee

The Eleventh Western Region Soaring Championships for 1968 will take place at Truckee–Tahoe Airport this weekend, August 17 and 18, and on Labor Day weekend, August 31 through September 2.

The meet is sanctioned by the Soaring Society of America and is being coordinated locally by Sierra Soaring, Inc. Contest director is Vic Swierkowski, president of Sierra Soaring.

Spectators are welcome at the soaring championships.

Ski Meet At Donner Lake

The Donner Lake Water Ski Club will hold their annual Open Slalom Ski Meet, August 17, which will be a slalom only. All classes will be contested.

Starting time is tentatively set for 7:30 a.m. at Donner Beach, at the west end of Donner Lake. Contestants my register for classes up to 10 minutes prior to starting time.

The first class will be junior girls followed by junior boy's, girl's, boy's, women, men, advanced men, senior women, and senior men.

The Donner Lake ski meet is one of the most celebrated water–ski meets in Northern California and Nevada. Intermissions will feature barefoot skiing exhibitions.

TNT Gridders Draw Uniforms

Physical examinations will be given and uniforms issued to football players of the Tahoe–Truckee High School on Thursday, August 22 from 5 to 7p.m. in the high school gym.

Practice for the fall season will begin on Monday, August 26 at 10 a.m.

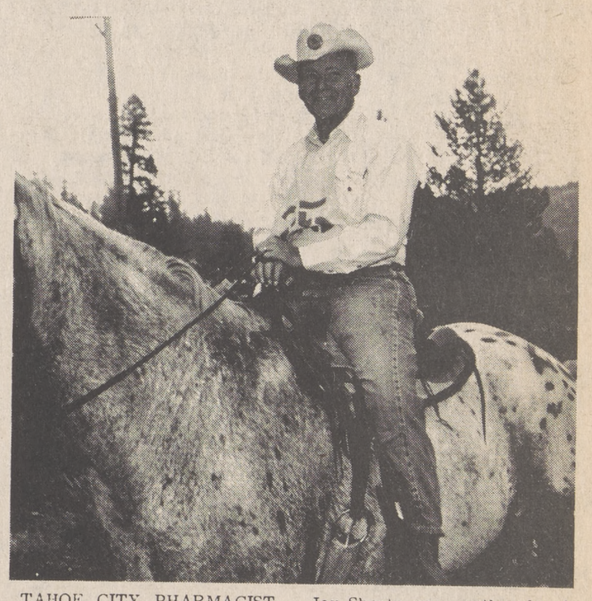
Donner Crash Kills Elko Man

Ralph M. Cloud, 69, a resident of Elko, Nevada, was pronounced dead on arrival at the Tahoe Forest Hospital Aug. 7 following an automobile accident near the Donner Lake exchange on Interstate 80.

An investigation was ordered to determine the cause. California Highway Patrol officers said the driver, alone in the car, may have suffered a heart attack. The vehicle skidded for some distance before overturning.

Cloud, traveling west at 9:30 a.m., was thrown out of the vehicle after applying the brakes for some distance.

TEVIS CUP RIDER — Pat Fox of Squaw Valley rode in famed 100–mile one–day ride from Tahoe City to Auburn last weekend; winner was bay area horseman Bud Dardy, who also won the cup in 1966.



TAHOE CITY PHARMACIST – Jay Shontz was another local entry in historic contest for Tevis and Haggen horsemanship trophies; route follows early–day cross–country trail.

Community Club Reveals North Shore General Improvement Proposal

A general proposal for improvements in the Kings Beach area of North Lake Tahoe was presented to the planning committee of the North Tahoe Community Club August 2 by planner George Gatter.

The proposal, not considered a final master plan, consists of a 20–year projection for the area.

The community club will meet again next Wednesday, August 21 at 7:30 p.m. in Kings Beach School for the presentation of revised by–laws and election of officers. The public is invited.

The proposal is titled North Tahoe Development Policy, and is designed for inclusion in the Placer County general plan:

"This General Plan Policy Statement is intended to reflect the stated goals of the people of King's Beach, Brockway, Carnelian Bay, Tahoe Vista and Placer County as expressed in questionnaire returns and at meetings; to provide a guide for preparation of the General Plan and Town Center Plan maps; to provide a guide for future growth, development, and redevelopment; and to advance the safety, health, convenience, comfort, and general welfare of the people of North Tahoe and their friends, families and guests.

1. It is the policy of Placer County that the King's Beach area (including adjacent settlements) will be developed hereafter at high environmental standards including top quality architecture, retention of natural amenities, protection of Lake Tahoe clarity and replacement as rapidly as possible of obsolete, sub–standard or inadequate buildings or uses.

2. The magnificent site on which the towns all sit, facing beautiful Lake Tahoe to the south and fringed by pine–covered National Forests on the north, will be fully developed to its economic potential as a first–class town offering outstanding living and recreational opportunities all year 'round.

3. In spite of rapid urban growth, the rural, rustic, and traditionally tree–covered surroundings will be preserved and protected; beaches, parks and open spaces will be expanded to meet growing population needs; all possible trees will be saved; and all new or redeveloped man–made elements will accord with the traditional "Lake Tahoe" style of architecture at high design standards.

4. In order to achieve a full–time year–round economy, every effort will be made to develop an industrial park which is not visible from the main roads, and any other compatible type of winter employment including skier accommodations, steam baths, arts and crafts, colleges, winter entertainments etc. (a temporary campground providing low–cost summer shelter, closing in winter?)

5. All types of recreation will be provided, including winter and summer, indoor and outdoor facilities for families, children and visitors, and all local, state, private and Federal financing sources will be actively pursued.

6. For the five years 1968–1972, a coordinated effort should be made to secure an expanded beach for public enjoyment and redevelop the central areas now devoted to obsolete buildings. If there is inadequate progress during this period of time, a public redevelopment project will be instituted to bring the entire area up to desired environmental standards in order to sustain the local economy and match the natural beauty of the Lake and surroundings.

7. A Sierra Design Review Committee will be established to advise the County Planning Commission on the architectural adequacy and conformity to urban design standards illustrated in the General Plan reports, of each new development proposal.

8. During the next twenty years billboards will be removed, signs controlled, wires placed underground, trailers moved to well–designed parks off–the–main–road system, substandard buildings replaced or brought up to present standards, and a Design Plan adopted and enforced throughout the entire community.

9. A tree–cutting ordinance will be developed to require prior permission before removing any tree larger than 8 inches in diameter.

10. Among the recreational facilities which will be encouraged to develop are:

Kings Beach and heated pool; yacht harbor and Marina with seaplane facility; 9 more holes of golf; ski and winterland play slope; spa at Brockway; clubhouse and summer theatre; fishing pier and ferry landing with small bar and restaurant; improved boat ramp; summer camp; and possibly a tramway to fire lookout; snow–cat course; stables and riding trails; and tennis courts.

11. Respecting the surrounding developments to which North Shore is linked, there will be a continuing effort to provide recreation and accommodations for casino goers in the east end of the settlement; there will be a permanent green–belt of forest to separate the lakeshore communities from the mountain–top ski and summer colony; and there will be a park or other open space break in the vicinity of Carnelian Bay to maintain the identity of Tahoe Vista and the easterly communities.

Letters To The Editor

EDITOR, SIERRA SUN:

John Firpo's August 7 letter voices justifiable disgust with the recent trend in dam–building. His articulate comments reflect the feelings of a wide spectrum of outdoorsmen who find dam–oriented recreation something less than challenging.

He touches on the important subject of rugged and wilderness country. Many of us strongly feel these are worth saving from the "dam frenzy."

We should realize that dams have far–reaching effects on the natural environment. Once a clear, cold and swift–flowing stream is blocked it is irrevocably changed – for the worse. As an advocate of fewer dams and a more sensible plan for protection of nature's rapidly–disappearing treasurers, I feel that we have already tampered too much with our priceless natural heritage.

Through these great expensive public works projects boasting wholesale recreational benefits, what have we really accomplished?

In no instance that I can think of has man improved on nature's work.

JOHN ENGELLENNER
Nevada City

EDITOR, SIERRA SUN:

The Truckee – Donner Historical Society will have its regular meeting this Thursday evening at 8 p.m. in the government building in Gateway.

We are planning a field trip for August 24 and 25 to Summit City. Anyone interested in helping clean up the old graveyard and relining graves with rocks is welcome to join us. Bring shovels, rakes, fishing poles, hiking shoes, and camping things if you plan to stay the night. Don't forget fire permits. Meet in front of Olympic Cafe, Truckee, at 9 a.m. Saturday.

If anyone has old time recipes – for home remedies, candles, waterproofing, or what have you – the society would appreciate your sending them in for our permanent files.

Charter memberships are still open for those wishing to join the society, but the charter closes the end of September.

Donations are being accepted for the museum fund. We have big plans, but we cannot do these things without the help of the membership and the community.

MRS. DOROTHY FORDHAM
Museum Chairman

EDITOR, SIERRA SUN:

Now that the gun alarmists have practically recovered from wringing their hands and their crying spell, we can once again look at gun control objectively and searchingly without emotion and hysteria.

Boiled down to simple facts, the rigid gun control law recommended by the president was aimed at leaving ONLY the government with guns – despite the constitution! The "right to bear arms" was provided for in the constitution since there could never have been an American revolution if the public had not been permitted to bear arms.

Criminals are just not going to be registered and fingerprinted to obtain guns.

Glendale

Public Invited To Hear The Maharishi At Squaw Valley

Local residents and visitors are invited to attend an introductory lecture on transcendental meditation, as taught by Maharishi Mehesh Yogi, to be presented in the Squaw Valley Theater, Sunday August 18 at 4:30 p.m.

Currently, over 12,000 students in the United States are practicing transcendental meditation. Those who start the technique find that they immediately begin to experience increasing energy, expanding intellectual and creative capacity, and newfound strength to meet the challenges of today's society, according to the sponsors.

The increasing demand for its availability in colleges and universities has made necessary the training by Maharishi of many more teachers than are now available. He is currently conducting a one–month course for 700 students, faculty and parents who have gathered from all over the world to train as leaders in the Students International Meditation Society.

Transcendental meditation is a technique of action, an entirely new approach for this age to develop each individual's ability to live in increasing happiness. During the few minutes of morning and evening practice, transcendental meditation brings the attention from the ordinary thinking level to the source of thought, which all who practice the technique find to be an inexhaustible reservoir of energy and creative intelligence.

Tapping this inexhaustible reservoir twice a day, the sponsors have stated, the person meditating becomes increasingly effective in dealing with problems on all levels and finds his life improving in every respect.

Those interested in receiving personal instruction in the technique will be given the opportunity, with details to be announced at the lecture.

MAHARISHI AT SQUAW VALLEY – Maharishi Mahesh Yogi is currently lecturing on transcendental meditation to some 700 students at a special Squaw Valley seminar during the month of August. —Sun Photo.

Narcotics Unit Sought For Nevada

RENO — A State Bureau of Narcotics, which would operate under control of the Nevada Gaming Commission has been proposed by the Nevada Narcotics Officers Association.

Concerned with the mounting problem of drug control, the officers have been trying to get their proposal accepted through legislation for the past year.

Less than three dozen police officers in the state are primarily concerned with narcotic law enforcement. They and other interested officers have banded together in an unofficial association to further legislative aims in regard to narcotics enforcement in particular.

The proposed bureau would operate on a $140,000 budget. The director of the bureau would draw a $15,000 salary, with $11,000 for an assistant director chemist and $34,000 per year to provide for four narcotics agents and miscellaneous.

At a recent meeting, officers of the association reported that narcotics problems have increased 98.7 per cent in the past year and that there are nearly 16,000 known narcotics users in the state.

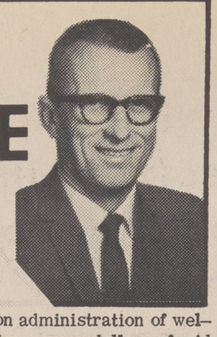
GENE CHAPPIE REPORTS

6th ASSEMBLY DISTRICT



During the 1968 session of the legislature I have introduced legislation aimed at changing the directing of welfare in the State of California. The following are the programs whch I have introduced and which have been enacted into law. I feel that through this legislation we are beginning a program which promotes independence and self–support for the poor and unskilled.

THE CHAPPIE WELFARE PROGRAM OF 1968

Reducing the Welfare Costs: Chappie's welfare legislation in 1968 reduces property taxes to the tune of some $5,000,000 per year. Simplifications in the welfare system and incentives and opportunities to work will substantially cut welfare costs from now on.

Specifically, Assembly Bill 389 substantially cuts the cost of out–of–home care for the aged and infirmed, with no reduction in the quality of care.

Employment and Job Training: A milestone in the welfare field AB 210 (Chappie) makes it possible for more than 12,000 welfare heads of households (50,000 recipients) to leave the rolls and become productive, taxpaying, gainfully employed members of society and in effect turn welfare checks into paychecks.

This legislation directly transfers these 12,000 families into job or job–training programs under the Department of Employment.

Lowering the Welfare Costs: As previously mentioned in AB 210, more than 50,000 people will leave the welfare rolls in 1968 and 1969 as a result of AB 210 and AB 1595 (Chappie). These measures together triple the effectiveness of the state and county investments in vocational rehabilitation with no increase in costs to California state taxpayers.

Bringing Back Fiscal Responsibility: Chappie's welfare program of 1968 is aimed at streamlining the fiscal relationship between the counties and the State in important areas such as attendant care, the operation of work programs, day care centers and the like.

County costs have either been reduced or eliminated. Thus California will be getting back a larger share of federal taxes paid by Californians. In fact, more than $25 million in federal funds will be coming back to the State, where they belong, to help reduce state and local taxes.

Stopping the Welfare Paper Blizzard: About 17 cents is spent on administration of welfare for every dollar of aid granted. Most of this burden falls on the property–taxpayer.

Legislation put through by Gene Chappie this year drastically reduces the number of bookkeeping transactions required in welfare administration for persons in job training programs. It also eliminates overlapping and duplicatory services associated with employment and training of recipients.

Aid to the aged, blind, and disabled has grown over the years into a monstrous hodge–podge of arbitrary and contradictory rules and regulations. It may cost $10 or $20 to make a $2 change in a grant. It may cost more than a recipient is receiving on a grant just to find out what he is entitled to.

One of Gene Chappie's important pieces of legislation (AB 361) requires the introduction of uniform accounting and computation procedures into grant calculation thus eliminating many costly administrative procedures.

Encouraging Self–Support and Independence: Under new job training programs introduced by Assemblyman Chappie, thousands of Californians will have the opportunity for meaningful employment.

AB 1344 (Chappie) provides that welfare recipients if offered a job making less money than they are presently receiving on the welfare rolls, would be pushed off welfare and into a job with their income supplemented to the welfare grant plus a 5% incentive.

This pilot program in two California counties is a first in the state and the nation in attempting to give incentive to welfare recipients so that they will get into productive employment and not be a full burden on the welfare rolls.

Another Chappie measure, AB 1598, assists blind workers in purchasing health insurance so that they will not have to depend solely on Medi–Cal for their health care needs.

Rummage Sale

The Catholic Ladies of Truckee will hold a rummage sale on August 15, 16 and 17 in the Sherritt building, next to Ka–Dee's Beauty Shop.

Mrs. Mila Johnson of Auburn will be in charge of the sale. Contributions of clean clothing, furniture, and other usable items will be appreciated. Call 587–3070 for pickup.

Here's Riley

By ERNIE RILEY

Five Lakes is an area that the good Lord must have taken special pains to create so many years ago, so that we mortals could enjoy the beautiful scenery, cool waters, and solitude in which to meditate and get our thoughts in order.

The Five Lakes are just over the hill from Squaw Valley and Alpine Meadows, and may be reached by a good hiking trail from Alpine Meadows, or for the less hearty souls by the gondola at Squaw Valley Lodge.

Our neighbors, the Denneses, have five children, seven to 13 years, and a dog named DoDo. With other families in Alpine they have been able to spend some time each summer enjoying nature at her best here and around Lake Tahoe.

On Friday, August 9, the family started out in high spirits, but when they arrived at the fist lake their day was spoiled. People had defiled the area to such an extent that no one could enjoy staying there. The usual array of beer cans, soda cans, cups, paper and other debris was spread over the area.

All hands pitched in. They were joined by many other visitors, and after hours of hard work they had collected a thousand pounds of garbage.

Nature has accomplished so much to make life more pleasant for all of us that is seems a shame that a few will not do their part to help preserve it. We can all be truly grateful that people like the Dennes family and the others will take the time to clean an area and help keep it beautiful. And many thanks too, to the Alpine Stables crew for offering to remove the collected trash.

Ponderosa Ranch Of 'Bonanza' TV Fame

Situated in Incline Village on Tahoe Boulevard, the Ponderosa Ranch occupies almost exactly the site depicted in the famous "burning map" seen each week on television's Bonanza.

Designed for family fun, the Ponderosa recreates the Old West of the magnificent Sierra Nevada. Featuring the incomparable Ranch House home of the Cartwright family, the Ranch also provides in its amusement area and Western Town rides, exhibits, stores and restaurant facilities insuring a memorable visit.

Horseback riding is superb. Miles of scenic trails overlooking Lake Tahoe provide a once-in-a-lifetime opportunity to ride the Mighty Ponderosa. In addition, Ponderosa Ranchhands are ready to welcome individuals or groups on their fabulous breakfast rides, hayrides & barbecues.

Ben, Hoss and Little Joe extend a cordial invitation to all their friends to pay a visit. The Ranch is open daily 9:00 A.M. to 5:00 P.M. Admission $1.00 for adults, 50c for children. Write P. O. Box 18, Incline Village, Nevada 89450 or phone (702) 831-0691 for information.

North Lake Tahoe Chamber Pot-Shots

By BETTY LAYTON

A comprehensive report of the chamber's successful Ski Tahoe North promotion last year was sent out to chamber members and those participating in the program. Two committee meetings have been held in the past two weeks and it was voted to request funds from the chamber's budget to carry on their program this year.

They will update and include ski packages in the Ski Tahoe North brochure reprintings. Anyone wishing to bid on the reprinting of the brochure should contact the chamber office in the next week.

The telephone reservation service this year will include a conference line so that the motel operator can talk directly to the person seeking accommodations.

Plans are going ahead for the booth to represent the entire area at the three ski shows.

A meeting will be announced soon to all interested businessmen and motel and restaurant owners in order to set up the best possible program to benefit the greatest number of people.

At the committee meetings, some interesting facts were discussed: Ski Tahoe North benefitted all the businesses along Highway 80 and had such a sphere of influence that funds were received from the Reno Chamber, Crystal Bay Development Co., County Chamber, Avis Rent-a-Car, restaurants, and motels.

Reno has recognized the impact of the ski and recreational industry and they are going all out on a Ski Reno promotion this year. The committee emphasized that it is more important than ever before for out North Lake Tahoe area to unite in efforts for servicing the people who come to our area and have the best reservation and information service possible for prospective visitors as well as for the tourists in the area.

From the Economic Research Association report on California tourism industry, we quote some interesting facts: Lake Tahoe rated ninth as the most popular recreational attraction visited by out-of-state auto visitors in July and August, 1966. Disneyland, San Francisco, Knott's Berry Farm, Fisherman's Wharf, Marineland, Carmel-Monterey, Chinatown, San Diego and Mission Bay all rated before Lake Tahoe.

Lake Tahoe was the third most frequented single destination of California residents on overnight trips within the state.

An average of 43.3 persons out of every 1,000 California households visited Lake Tahoe in 1966.

In the Lake Tahoe Area, the average of 44,000 jobs in Area Three (which includes northern portion of the Mother Lode country and, in the extreme western part, a portion of Folsom Lake, beside the Lake Tahoe tourism complex), was held by 29 per cent of the total civilian population. An extremely high ratio of secondary-to-basic employment in this area arises from the large number of jobs in trade and services derived from the tourist industry.

The report also states that Lake Tahoe, Area Three's major tourist attraction, is one of the state's most popular recreation resources among both California residents and out-of-state visitors.

— — —

In the recent issue of Glamour magazine, several college girls were interviewed and gave their favorite vacation areas. Lake Tahoe was mentioned and as a result, Glamour's reader service has passed along to us 122 requests for information on Lake Tahoe.

— — —

The advisory committee of the state parks at Lake Tahoe will be meeting at the community center Thursday night, August 15 at 8 p.m. There will be discussions on a possible art and artifacts show to be held at the Ehrman mansion in Sugar Pine Point Park from Sept. 1 to 15.

— — —

Recent new members welcomed into the chamber are: Lloyd Everett of Richfield Service in Truckee; Jim Emerick of Aqua Land Sales and Rentals in Kings Beach; Hunt's Trailer Park in Kings Beach; Robert and Betty Blue of Incline Village; Thomas F. Harter, M.D. of Water's Edge in Tahoma; Sorensen's Motel in Tahoe Vista; and Robert Scott, real estate, of Tahoe City.

West Shore Notes

By ELLEN ATTARDI

Junior members of the Tahoe Forest Hospital Auxiliary will be honored at a tea to be held on Sunday, August 4 from 2 to 4 p.m. at the Dollar Point home of Mrs. George Davis. Other honored guests at the tea will be the mothers of the "candy-stripers" who will be awarded pins for their volunteer service to the hospital. Awarding the pins will be Hospital Administrator Arnold Intorf.

Those receiving pins will be Terri Hanna of Olympic Valley, Lindsey Brett of Kings Beach, Debbi Lomax, Linda Little, Colleen Little, Carol Little, Gaylee Wissenback, Susie Hubler, Cathy Wilcox, Joyce Smart, Jan Price, Judy Bell, Ann Heath, Virginia Jones and Sandy Davis, all o Truckee.

In charge of arrangements for the tea are Mrs. John Legras, Mrs. Dave McBride and Mrs. Davis.

* * *

Ben Keechler, who recently completed his basic training at Fort Lewis, Washington is now stationed at Fort Eustis, Virginia, where he is training to be a helicopter crew chief.

* * *

The Tim Sullivan family of Truckee is enjoying the month of August on a comaping trip which will take them up the Redwood highway and through Washington.

* * *

Visiting in Linden near Stockton are brother and sister Kevin and Kathleen Fenley of Comstock Acres. They are guests of Bill and Grace Machado.

* * *

Recent Tahoe visitors were newly-weds Barry and Janet Farris who, after their marriage in Santa Paula on July 27, came here to enjoy the great outdoor life, especially fishing. While here they visited with Barry's father, Van Farris and his wife Robin at their Chamberlands home.

Barry, a graduate of George Whittell High School, and his bride (the former Janet Riley) are making their first home in San Jose where he will continue his education at San Jose State College and she will be teaching with the Santa Clara Unified School District.

* * *

Leah Hopkins, Billie Finnegan and Bette Farrar were first place winners for first, second and third flights respectively at the weekly tournament of the Tahoe City Women's Golf Club held last Tuesday at the Tahoe City Golf Course.

Second place winners in the low net tournament were Marilyn Fugazi for first flight, Barbara Spitsen for second flight, and Aleta Wilks for third flight.

The annual 36-hole championship play of the club is being held on August 13 and 20 and the winners will be honored at an awards dinner to be held at the Four Winds Restaurant in Tahoe City on August 28.

* * *

Kate Miles of Donner Lake will be installed as president of the Tahoe Forest Hospital Auxiliary at an installation dinner to be held on September 4 at Swiss Lakewood Lodge.

Other officers to be installed are Maxine Olson of Tahoe City as vice president; Sue Reams of Truckee as secretary; Jan Hodder of Truckee as recording secretary; and Marian Thomsen of Truckee as treasurer.

The 7:30 p.m. dinner will be preceded by a cocktail hour which will start at 6:30 p.m.

* * *

Dallas McPherson of Dollar Point celebrated his twelfth birthday last Thursday with a group of friends who joined him in a trip to Reno to see the antique car collection and "dinner out."

* * *

Members of the Corpus Christi Guild enjoyed a luncheon meeting held on Monday at the Dollar Point home of Anita Ormsby. Presiding over the meeting was Julie Fenley.

* * *

Visiting with Jim and Bernie Banta at their Tahoe Park home for the past several weeks has been Bernie's niece, Cathy court of Reno.

* * *

Hostess to the TST'ers at a luncheon at her Agate Bay home last Thursday was Mrs. Larry Lindsey.

* * *

The Tahoe Squaws met on Wednesday for a luncheon meeting at the Four Winds Restaurant in Tahoe City. Presiding over the meeting was Jeanne VanWetter.

* * *

Bride-elect Harlene Hopkins was guest of honor at a bridal shower on Tuesday evening hostessed by Mrs. Mary Booth and held at the Episcopal Vicarage on Highway 89.

Miss Hopkins, the daughter of Harvey and Leah Hopkins of the Highlands, is being married on August 24 to Warren Jay, son of the Dave Jay's of Lake Forest.

* * *

Mrs. Carl (Helene) Futch, director of orientation and training at St. Mary's Hospital in Reno, was the guest speaker last Tuesday evening at a meeting of the Tahoe Forest Hospital held at the hospital. Mrs. Futch, past president of the Hospital Auxiliary of St. Mary's and presently state treasurer of the Hospital Auxiliaries of Nevada, spoke on the "Functions of Auxiliaries."

Mrs. Pat Tonini presided over the meeting.

* * *

Disneyland visitors for several days last week were Mrs. Tom Nott and children Kim and Patty of Dollar Point.

* * *

"A Funny Thing Happened on My Way to the Forum," a performance at the Music Circus in Sacramento, was enjoyed on Monday evening by Rosemary Lindsey and Leah Hopkins.

Deer Drawing Deadline Near

The Department of Fish and Game reminds California deer hunters that applications for early special hunts must be submitted by August 12 and late special hunt applications by August 20.

The special hunt applications are attached to the 1968 deer tags. Hunters should fill in both the number and name of the hunt for which they are applying.

The early hunts, for which the drawing will be held August 13, are the Hayden Hill, Black's Mountain and Dixie refuge hunts, Western Yolo, Western Solano, Monterey, Ventura, and Tenaja.

Drawing for the balance of this year's 31 hunts will be Thursday, August 22. Successful applicants will be notified by mail.

Treniers, Coquettes Head Big Show At North Tahoe's Crystal Bay Club

THE COQUETTES—They could entertain by just standing around and looking lovely; instead, they display tremendous talent in vocal and instrumental music, as they captivate audiences nightly in the Stage Lounge of North Lake Tahoe's Crystal Bay Club.

Name the top night spot in any big city in the country, name the most popular network variety TV shows, and chances are the fabulous Treniers have played there. Currently, this unbelievably energetic combo is keeping rhythm and excitement going at top speed in the Stage Lounge of North Lake Tahoe's Crystal Bay Club.

The Treniers act is smooth and slick, perfectly polished until it is flawless. The entourage consists of Claude, Cliff (twins), skippy and Buddy Trenier, backed up by four additional outstanding musicians. They are a handsome group, warm in their singing, infectious in their dancing, laughable in their unusual approach to comedy.

The Treniers fairly rip out the ceiling of the Crystal Bay Club, with groovy new tunes as well as swingin' old ones, plus a sprinkling of rhythm and blues and a dash of Dixieland. Garnished with a liberal cupful of comedy, the Treniers act dish up a rollicking recipe of rousing entertainment. Their energy is never-ending, their charm is boundless, their wit is sharp and captivating. It's a fast-paced show that never drops its audience for a single instant, and the audience responds with plenty of appreciative applause.

Alternating with the Treniers in the Crystal Bay Club, are the Coquettes, a quintet of lovely girls, whose vocal and instrumental talents have made them one of the top attractions in the nightclub circuit. Jo Ann Bon, leader of the group, presents a fine display of feminine talent, packaged into a neat entertainment gift for the Crystal Bay Club's audiences.

Charles Gould and his Satin Strings continue to serenade diners in the Crystal Steak House and the Crystal Dining Room, and also fill in between acts in the Stage Lounge.

Entertainment by the Treniers, the Coquettes and the Satin Strings is provided nightly in the Stage Lounge of the Crystal Bay Club, on the North Shore of Lake Tahoe.

Alternating to provide a wide variety of entertainment, are the nationally famous Treniers, with their crazy antics and their big band sound.

Three Hurt In Accident

INCLINE VILLAGE — Three persons injured in a two-car accident here Wednesday night were treated at Washoe Medical Center, Reno, for apparent minor injuries and were released, according to a hospital spokesman.

Ron Garner, Washoe County deputy sheriff, reported that the injured persons were Martha L. Milne, 16, Santa Barbara, Calif.; Marvin L. Warner Jr., 10, and Alison Warner, 19, both of Cincinnati, Ohio.

Garner said Miss Milne was driving a westbound auto on Lakeshore Drive here and apparently crossed the centerline.

Garner said the auto was involved in a head-on collision with an auto driven by Marvin L. Warner, 52, Cincinnati, eastbound on Lakeshore.

The accident is under investigation.

Hirt Blows Nightly In Nugget

Al Hirt's horn booms through the Circus Room of John Ascuaga's Nugget twice nightly through August 21, and the bearded giant's tremendous notes win great approval with a delighted audience.

Featuring generous portions of the "Hirt Sound," the massive headliner presents numbers from his more than 25 long-playing and over 100 single recordings, and the Circus Room rocks with his sweet music.

As his thunderous trumpet roars through the house, entranced by Hirt's earthshaking reverberations, the Circus Room audience lauds the dynamic showman with spontaneously inspired ovations for his "Java," "Sugar Lips," "Cotton Candy," and "Honey in the Horn."

The truly great show is topped off by Pee Wee Spitelera, Hirt's long-time side-kick who plays a beautiful horn himself. When the two get together, one would be inclined to think that they're comics as well as fantastically talented musicians.

The Young Set is a group that has been winning great crowd approval with their contributing music; Bud and Cece Robinson dance, sing and clown up a storm; and the Novelites, a riotously funny musical-comedy group, all round out the marquee. The show, complete with the Nugget's amazing elephants, Bertha and Tina, is really a hit.

The Hirt Show concludes August 21, and another rollicking group, Mickie Finn and crew, opens the Circus Room August 22.

New Sewer Funds For Donner

Congressman Harold T. "Bizz" Johnson, representing Northern Lake Tahoe Area, announced today that the Federal Water Pollution Control Administration had increased the grant to the Truckee Sanitation District by $59,240.

This represents additional federal funds for construction of an interceptor sewer on the northern perimeter of Donner Lake.

The total project cost is $859,540.00 Of this, the Federal Water Pollution Control Administration will pay $657,640.00.

Sharen Thomasberg Married In Squaw Valley Ceremony

The United Church of Christ in Squaw Valley was the setting for the wedding of Sharen Diane Thomasberg of Dollar Point and Ronald W. Park of Incline Village, on August 4 at 1:30 p.m.

The ceremony was performed by Reverend Allen Blume, and the bride was given in marriage by her father William Thomasberg. Donna Albrecht was maid of honor, and Susan Wertz was the bridesmaid. Both girls are from Truckee. They wore matching floor length dresses of rose pink crepe with satine and chiffon accents and matching veils. Their bouquets were pink and white roses.

Sharen was gowned in ivory satin embellished with lace and bead appliques. Her headpiece echoed the satin, lace and bead accents of the gown and was attached to a three-quarter veil.

The best man was Michael Stier, and ushers were Stephen and David Thomasberg, brothers of the bride. Sandra Thomasberg handled the guest book for her sister.

The Squaw Valley Inn was the site of the reception, which followed the ceremony for many out-of-twon family and friends, including the groom's relatives who came from Utah for the wedding. Also present from Utah were Mr. and Mrs. Richard Park, and Mr. and Mrs. Dean Park.

After a honeymoon in Southern California, the couple will make their home in Brockway.

Developers Ask Variance For Hotel

RENO —Developers on Tuesday will ask for a zoning variance to build a 30-unit, three-story, lodge-style hotel at Tyrolian Village, at Lake Tahoe.

The site is zoned for limited commercial use. The Washoe County Board of Adjustment says the height limits for this zoning is two stories and not more than 35 feet.

The board will also consider an application from Sierra Pacific Power Co. for a permit to build an electrical sub-station at Incline Village.

Gathering Of Engleharts

Gathering of the clan at the home of Mrs. William Englehart, Sr., of Truckee last week included Mr. and Mrs. Freeman Campbell, Mrs. William Englehart, Jr., Mr. and Mrs. George Hlista, Cindy Hamlin, all of Temple City and Mr. and Mrs. Merrill Englehart of Sacramento.

Official Denies Quarry Request

AUBURN – An application to operate a rock quarry on a one-square-mile area in the McKinney Creek area of Lake Tahoe has been denied by Richard Heikka, Placer County zoning administrator.

The application was from D. B. Enterprises, Inc., of Reno. The property is owned by Fay Gunby of Placerville.

Heikka said denial was given because up to 20 trucks a day would use a road adjacent to some 20 residences and the use would have been nonconforming.

Annual Camel Races Slated

VIRGINIA CITY, Nev.– Virginia City has set aside Sept. 6, 7 and 8 for the running of this year's annual National Camel and Ostrich Races.

Thousands of viewers come from all over the country each year and express their enjoyment at seeing thses unusual events, officials say. Admission is free, as usual, to watch these hair-raising races which run throughout each day during the three days, association spokesmen report.

Exotic India Luncheon Theme

Exotic India was very near when 21 ladies attended a luncheon at the Squaw Valley Lodge on Friday afternoon, were treated to a lesson in making and wrapping an Indian 'sari', and then dined on authentic curries prepared by Sujil Kakar, formerly of Taj of India in San Francisco.

The Kakers, Sujil, his wife Rhoda, and their daughters, Aviva, 5, and Sujatha, 2 1/2, are in Squaw Vally during the month of August, serving up a delightful array of Indian dishes for north shore gourmets in the lodge dining room. The dishes, from North India, are delicious, and surprisingly mild, considering our American conception of curry.

Assisting Kakar is Kenneth Calvillo of Marin County, and Jehangir Patel of Bombay who recently graduated from Yale with a degree in political science. He plans to study law at either Columbia University or Cambridge.

Even the Maharishi's housekeeper, Mrs. Debbie Jarvis, came to take some of the delicious repast to the Maharishi, who is conducting classes in Squaw Valley.

Rhoda Kakar wears beautiful Indian garb, and has consented to hostess similar luncheons each Friday during the month of August, at 12 p.m., and continue to instruct north shore ladies in the art of wrapping the sari. She will appear on KOLO-TV on Wednesday, August 14, between 4:30 and 5 p.m. to show hostess Betty Scoglund the intricate art.

Some of the guests at the luncheon were mothers of the petite stars of Jimmy Grogan's Summer Skating School; Mrs. Joseph Braun of Hightstown, N. J.; Lorey Gilman of Martinez; Betty Wise of Walnut Creek; Jeanette Keeling of Tulsa, Oklahoma; Gloria Magnussen of Vancouver, B. C., Canada; Mary McKinstry of San Rafael; Kay Beronio of Vallejo; Bonita Tickner of Lafayette and Squaw Valley; Barbara McMurry of Carnelian Bay and Ross, Calif., Ruth Scharf of Palm Springs; Katrine Watson and Joyce Evans of Squaw; and Gloria Lord, Barbara Gess, and Hildegard Kress from the group taking instruction from the Maharishi.

Tax Fund Disbursal To Nevada, Placer County

State Controller Houston I. Flournoy announced last week the distribution of $50,188,737 among the state, cities and counties as the July apportionment of highway users taxes.

Nevada County's share was $41,876.43, and Placer County's share was $77,812.37.

A total of $12,783,736 went directly to the counties; $10,852,985 to cities; and $26,552,016 for expenditures on state highways.

The total was derived from the following sources: gasoline tax, $45,713,141; diesel fuel tax, $2,593,209; by transfer from the Motor Vehicle Transportation Tax Fund, $1,881,063; and the balance from miscellaneous sources.

Flournoy also announced the distribution of $5,947,735 to counties and cities as the July apportionment of cigarette tax.

The apportionment was made in accordance with the new formula under A.B. 684 which became effective on July 12, 1968, (CH. 543). Under the new formula, 50 percent of the cities' share was apportioned by Local Sales Tax ratio and 50 percent by population ratio. The distribution of the counties' share remained the same as before – on a local sales tax ratio.

Nevada County's share was $2,330.92, and Placer County's share $5,229.25.

This amount represents 30 per cent of the revenue deposited in the Cigarette Tax Fund during the month of June.

Fashion Brunch At Squaw Valley Inn

The second fashion show brunch was held around the swimming pool at the Squaw Valley Inn on Wednesday, August 7, featuring clothing from Porter's Butler's of Tahoe, and the Riviera Shops, and models Julie McKinstry, Lilla Tillman, Meg Fleming and Alice Stockfleth from Jimmy Grogan's Summer Skating School, and local models Helyn Hendrickson, Jean Fowle, Pat Gregor and Jeanne Van Wetter.

Summer wear for Tahoe was shown, but the emphasis was on the coming looks and colors for fall, both in back-to-school wear, and for the fashion-minded modern.

The brunch featured breakfast and lunch (as desired) from the Inn kitchen, and was served from 11:30 a.m.

On August 21, the brunch show will present an exclusive collection of hand-printed batik fabrics and designs by Sue Williams and Judy Goldsmith of San Francisco, and artifacts from the boutique "Design Madness." Tickets are $2.75.

Bingo Lunch For Emblems

The Lake Tahoe Sierra Emblem Club number 347 will hold a Bingo Luncheon at the North Shore Club on Thursday, August 22 from 12 p.m. on, to benefit the victims of cerebral palsy.

Club President Sally Lusky has announced that co-chairmen for the event are Marge Zelbig and Nelle Gillmore.

Local merchants have donated many prizes; with the top two raffle awards being an Admiral stereo AM-FM radio, and an instamatic camera.

For tickets call 583-5414 or 546-2040.

Junior Women Meet At Incline

New Sewer Funds For Donner

A special meeting of the Tahoe Sierra Junior Women's Club was held recently at the Chessmen in Incline Village. The club voted to send a cash donation to the Junior Statesman fund of the Tahoe-Truckee School District.

Members Mrs. Charles Rodrick and Mrs. Roger Thompson reported on their attendance at the Junior Women's Club summer board meeting at Lincoln on July 27.

A bouquet of flowers was presented to Mrs. Cliff Frazier, honoring her for receiving a teacher-of-the-year award. Mrs. Frazier is recording secretary of the club.

The club's next meeting was scheduled for August 27.

"VIVE LES GIRLS" – Enters its eighth week at North Lake Tahoe's Nevada Lodge. Produced by master showman Frederic Apcar, the spectacular production is an adults–only potpourri of Paris–style entertainment. In featured roles are lead dancers Ron Watson and Joan Pelethorpe, shown above. "Vive Les Girls" is staged nightly in the Topaz Room at Nevada Lodge.

"Vive Les Girls" Swings At Famed Nevada Lodge

International stars frolic on the stage of North Lake Tahoe's Nevada Lodge, as the Parisian adults–only "Vive Les Girls" revue continues to sparkle with continental excitement every night.

Entering the eighth week of its summer–long run, the sensational production is lauded by critics "as a fascinating potpourri of adult entertainment... spotlighting some of the world's most beautiful showgirls . . . with talent unsurpassed."

In a starring role for this year's "Vive Les Girls" is Australian chanteuse Line Turner, whose exciting voice and beauty have won her thousands of ardent fans on two continents.

But the pulsating keynote of "Vive Les Girls" is girls: Apcar has created imaginative production numbers to showcase an eye–popping display of dazzling beauties from Europe and America. Costuming, choreography, music ...all are focuesed on presenting to Nevada Lodge audiences a brilliant Paris–style show.

"Vive Les Girls" is staged nightly in Nevada Lodge's Topaz Room. Other featured performers are comic Beryl Williams and magician Ken Alan. Joan Pelethorpe is the lead dancer, with Ron Watson as her male counterpart.

With Line Turner as the headline foundation, producer Apcar has built a truly sophisticated production worthy of the Moulin Rough and the Follies Bergere combined.

In addition to the Parisian revue, Nevada Lodge also features continuous dusk 'til dawn lounge entertainment for guests. Opening Monday night for a two week engagement are Gwen Harmon and the Players – – a brilliant young group with music and comedy that have made them a favorite on the Reno–Tahoe–Las Vegas circuit.

LAKE ECHOES

By BETHEL

Karen Nicolle Holley was born to Tricia and Lee Holley of Incline Village Sunday, August 4, at St. Mary's Hospital in Reno. She weighed five pounds, ten ounces and is the Holleys first child.

Tricia and Lee had returned from a week's trip to San Francisco just the day before the baby's birth. The Nevadans almost had a native daughter of California!

* * *

Florence Murphy of Crystal Bay spent two weeks at San Marino but is now home with husband, Harold.

* * *

Happy birthday to Bob Garrow of Kings Beach who celebrated his natal day August 9 with wife, Elsie, and Barbara and Loren Coryell and Dan Stickles. A party at the Racquet Club observed the occasion.

* * *

Theresa Sutton and Jerry Rayburn of Incline Beach entertained their sister–in law, Mrs. Larry Peluso and daughter, Robin, of Oakland, this past week. On Wednesday they attended the strolling fashions at the North Shore Club which was under the direction of Betty Gelber of Reno; Lynn Ashton and Joyce Farrell of Incline were models.

* * *

Guests of Inez Jordan of Incline Village at the North Shore Club luncheon Wednesday were Shirley Pinfold of San Francisco, Leslie Painter, Velva Herman and Ora Johnston of Incline Village, and Bethel Van Tassel of Reno.

* * *

Leslie Painter of Orinda is working and spending the summer months at Incline Village. She will return to Westminister College in Salt Lake City come September.

* * *

The Lake Tahoe VFW Post 7077 and Auxiliary attended a fund raising luau given by the South Lake Tahoe VFW Saturday August 3 at Tahoe Keys recreation park at South Lake Tahoe. Among those attending were Kay and Otis Wing, Tom Clark, Roxanna Phillips, Esther and Bill Malchow, Stella and Jim Farrell all of Kings Beach; and Pauline and Goldie Talcott, Incline Village. Goldie is commander of VFW Post 7077.

* * *

Kay Wing of Kings Beach was librarian at the Kings Beach Library during the absence of Mary Phippeny this past two weeks.

* * *

Boy Scout Troop No. 37 of Incline Village has been presented with a 16–1/2 foot inboard motorboat by Hazel Crummer of Reno. The boat was owned by her late husband, Roy E. Crummer Sr., who was a retired financier.

The Troop is sponsored by the Optimist Club of North Lake Tahoe, which will help cover expenses of maintaining the boat.

* * *

Our deep sympathy to Marcie Ravazza on the death of her husband, Carl Ravazza, following a long illness. He was the owner of the Nevada Entertainment Agency and talent co–ordinator for the Sparks Nugget. He was also popular as a vocalist and big band leader during the 1940's – his hit theme was "Vieni Su." Besides a large ranch at Steamboat Springs, the Ravazzas were second – home owners at Incline Village.

Mikie Kaspian, son of Judy (Draney) and Mike Kaspian of Reno celebrated his sixth birthday on July 15. A surprise party was given which was attended by grandmothers, Martha Kaspian of Reno and Lucille Caine of Kings Beach, his uncle and family, Bruce and Kathy Draney and five–months–old Eric, of Kings Beach, Nancy Yates and daughters Robin and Susan and aunt and family, Diane and Benny Davis and son Benny, formerly of Truckee.

Mikie was born in Reno while his parents were residing at Kings Beach, making both he and Eric fourth generation Lake Tahoans.

* * *

Martha and Harry Bernard of Crystal Bay entertained weekend guests from Atherton, Mrs. Clara Bruun and Mrs. Lilly Withers.

* * *

Doris and Bob Holmes of Bass Lake are the new owners of Howes Holiday House at Tahoe Vista. They are the parents of three married daughters who are frequent visitors to Tahoe.

* * *

Dean and Jamie Rigsby of Scottsdale, Arizona, spent their summer vacation with grandparents, Lillian and Daniel Alterio at Kings Beach.

* * *

Thelma and Bob Klinkner of Crystal Bay entertained her nephew and family over the weekend, LaVonne and Paul K. Studer, Jr. and children, Kim and Mark, of Ontario.

* * *

Nevada Democratic National Committee–Woman, Virginia Gianotti, was the honored guest of the Washoe Democratic Womans Club at the Crystal Bay home of Thelma Klinkner on Tuesday. Attending were Connie Passno, Lou Sullivan, Gladys Maffi, Ferne Caffrey, Clara High, Betty Wiley, Annette Williamson, all of Reno; Dorothy Lill and Evelyn Himes of Sparks; Pearl Draney of Incline Beach; Vicki Ellis, Arlene Hayes and Dee Helmer of Carson City; LaVonne Studer of Ontario, California; and Marilyn Koobation of Dinuba, California.

* * *

A dinner party at the North Shore Club Saturday night celebrated two reunions of old acquaintances for Leo Cheim of San Jose. He renewed friendship with Claire and Al Bettencourt of Tahoe Vista after seven years absence, and reminisced of oldtime Marysville days with Bethel Van Tassel of Reno, when both were residents of that city.

Members of the Cheim family are still prominent residents of Marysville.

* * *

Sharon and Hewitt Clark of Incline Village are both working hard on the August Festival, as well as making preparations for the Beaux Arts Ball August 31. Virginia Hoyt is chairman for president Hewitt and her husband, Jack, a volunteer assistant.

Sam Belford has been retained as attorney for the Fine Arts Guild. Sam has maintained an office at Incline for the past year along with his Reno office established over six years ago. He is immediate past state chairman of the Nevada Young Republican Federation and advisor to the Reno Teenage Republicans.

Imagine a sales force of from one to four hundred at Incline Village – not all at one time however, but none the less working. That's progress! In meeting many of the personnel, a handsome young man asked if your reporter had lived in the Walnut Creek area as the name was familiar. The answer being in the affirmative, he stated, "Jan's mother." David Firestone, a sales representative for Pacific Cascade–Boise Cascade – Incline Village, had gone to elementary and high school with Jan Van Tassel at Alamo and Danville. He is married and he and wife, Constance, have two children, Jenny, and David, Jr.

* * *

Jerry and Johnny Rayburn of Incline Beach entertained his sister Mrs. Jack Freeman of Phoenix and nephew and wife, Beverly and Jack Freeman Jr. of Memphis, and Mr. and Mrs. Leon Nowell of Phoenix, this past week.

* * *

Ceta and Harry Hooper and sons, Charles and Jon, of Kings Beach and Reno were Marysville visitors last Wednesday. They visited Ceta's sister, LaVerna McFarlane, while at Yuba City.

Lola McIntyre and daughter, Donna, of Sacramento visited cousins, Ceta Hooper and Bethel Van Tassel, in Reno several days last week.

CHP Offers Safety Tips For Drivers

Schools will be open for the Fall semester soon.

California Highway Patrol Commissioner H. W. Sullivan suggests that this is an appropriate time for the entire family to review certain sections of the vehicle code.

"There's something there for everyone of kindergarten age or older," he said.

For the drivers in the family: The speed limit is 25 miles per hour when passing a school building or school grounds while children are going to or from school during opening or closing hours and during the noon recess period. The same limit applies when passing any school grounds which are not separated from the highway by a fence at any time the grounds are in use by children and the highway is posted with a "SCHOOL" warning sign.

The driver of any vehicle which meets or overtakes from either direction any school bus which has stopped to pick up or discharge any children and which is displaying a flashing red light signal visible front and rear must stop immediately before passing the bus and may not proceed until the flashing signal ceases operation. It is not necessary to stop when passing a stopped school bus at an intersection where traffic is controlled by a traffic officer or official traffic control signal, or when the school bus is in the opposite lanes of a divided highway.

Remember pedestrians have the right of way while crossing the roadway within any marked crosswalk or within any unmarked crosswalk at an intersection.

Follow directions of school crossing guards and junior traffic patrols.

For the bicycle riders in the family: Every person riding a bicycle upon a roadway has all the rights and duties applicable to the driver of a vehicle, under the Vehicle Code, except those provisions which, by their nature, cannot apply.

It is unlawful to operate a bicycle on a roadway unless it is equipped with a brake which will enable the operator to make one braked wheel skid on dry, level, clean pavement.

It is illegal to ride a bicycle equipped with handlebars which raise the operator's hands above the level of his shoulders.

The pedals of the bicycle may not, in the lowermost position, be more than 12 inches above the ground.

After darkness, every bicycle on the road must be equipped with a lamp emitting a white light visible from 300 feet in front of the bicycle and with a red reflector on the rear visible from 300 feet to the rear when directly in front of upper beams of automobile headlamps. A lamp emitting a red light visible from 300 feet to the rear may be used in addition to the red reflector.

Bicyclists must ride as near the right side of the roadway as practicable, exercising care when passing a standing vehicle or one proceeding in the same direction.

It is illegal for a person on a bike to hitch himself to any vehicle on the roadway.

It is illegal to allow anyone to ride on the handlebars.

It is illegal to carry any package or bundle or books, while riding a bicycle, that prevent the bicyclist from keeping at least one hand on the handlebars.

For the school bus riders: The school bus driver has full authority over school bus riders in the bus and when the pupils are leaving the bus and being escorted across the street.

On one is allowed to stand while riding a school bus.

For young pedestrians:

Cross the road in crosswalks.

Obey the crossing guards.

Obey traffic signals. Red means stop—don't cross. Yellow means wait—don't cross. Green means go!

DFG Completing Twenty Years Of Trout Planting

The California Department of Fish and Game is winding up its 20th year of aerial trout planting of back country lakes. A few more plants of rainbow, brook and golden trout in the southern Sierra will complete the 1968 plantings.

Regular planting of some 3,-000 mountain lakes by airplane, a technique pioneered by the DFG, began in 1949 and has become a stanard mass production operation.

More than 900 lakes are planted each year with a total of approximately six million fingerling trout by the DFG's twin-engine Beechcraft.

In addition to providing regular stocking of previously inaccessible lakes, the aerial planting operation has sharply reduced the cost of planting the high country waters.

Cost of planting by pack train in 1948 was $18.75 per 1,000 fish. In 1949, the first year of regular aerial plantings, the cost was $2.98 per 1,000 fingerlings. Increased efficiency and the use of tranquilizing drugs to allow carring more fish per trip have reduced the cost to $1.43 per thousand.

A. L. Reese, who retired as senior warden-pilot for the DFG in 1966, pioneered the aerial planting of trout. Experiments starting in 1946 determined that the method of planting fish was feasible with a maximum two per cent loss of fish due to all causes, including netting, handling, transporting, and dropping. The loss rate is no greater than that under the old method of packing cans of fish on horseback over mountain trails.

Reese also perfected the system of using a tranquilizer in the water to calm the fish, which increases survival as well as permitting hauling greater number of fish per can.

Announced

TPA Coffee Time

A get-acquainted coffee will be sponsored by the Kings Beach School Teachers-Parents Association on September 3 to allow parents to get acquainted with teachers for the 1968-69 school year.

Resolution 68-187 (A Resolution approving Agreement for the furnishing of ambulance service between the Co. of Nev., Jack deRyk and Carlisle J. Hickey.)

LEGAL NOTICE

Ordinance No. 407 (An Ordinance amending Ordinance No. 318, concerning employment of more than one relative in any County Department.

The Auditor-Controller presented the following proposed documents, which were adopted:

Resolution 68-188 (A Resolution of Intention, to approve an amendment to the Contract between the Board of Administration of the Public Employees Retirement System, and the Board of Supervisors of the County of Nevada.)

Resolution 68-189 (A Resolution authorizing a Contract between the County and the State Board of Equalization, pertaining to Contract for auditing services.)

In accordance with the recommendation of the Nev. Co. Overall Economic Development Committee, Mr. Lynn Bramkamp was appointed as Director, at a salary of $13,200 per year.

A Special Meeting of the Nevada County Sanitation District No. I, was held at 10:40 A.M.

The Director of the Department of Public Works and the County Counsel recommended that in view of the low assessed valuation of the District, that the Contract with T.H. McGuire be cancelled, and that a request be made to the Board of Supervisors to immediately budget for this Fiscal Year, the necessary funds to commence an overall master Water & Sewage Plan for Western Nevada County and the Glenbrook Area will be part of the master plan. An Engineering Contract should be let at the very earliest moment.

By motion, the Contract with T.H. McGuire was cancelled and a motion was made requesting the Board of Supervisors to commence immediately with an Overall Master Water & Sewage Plan to include the Glenbrook Area.

The Meeting of the Sanitation District was adjourned at 10:45 A.M.

The Board of Supervisors Meeting commences, and the Auditor - Controller was directed to include in the Final Budget of the Board of Supervisors under Professional Services, $30,000 for an Overall Master Water & Sewage Plan for the County of Nevada.

The County Counsel was directed to prepare a Contract between the Co., T.H. McGuire and Mr. Jim Granmer to prepare a Master Water and Sewage Study, to include detailed engineering for the Glenbrook Area, at a cost not to exceed $30,000.

Mr. Ed Ness, Attorney at Law, appeared and requested that Ponderosa Palisades Unit No. 3 Assessment District be referred to the Advisory Review Commission, and subject request was granted.

The Director of the Dept. of Public Works appeared and presented Alta Sierra Estates Unit No. 8 Assessment District, which was referred to the Advisory Review Committee for screening.

The Board adjourned for lunch at the hour of 12:00 P.M.

AFTERNOON SESSION:

The Board reconvened at the hour of 1:30 P.M. with all Supervisors present.

Discussion ensued between Mr. Howard W. Swearingen, Mgr. of the P.G. & E., Mr. Lee Mulford, District Engineer, Pacific Telephone Company, and Mr. Wendell Homer, General Engineer, Pacific Telephone Company, regarding undergrounding of utilities.

$8,000,000.00 has been allocated by the P.G. & E. for this conversion program. $22,900 of this money has been allocated for conversion programs within Nevada County, however, if this money is not allocated within the year, it will be lost.

The money may either be reserved by the County for a specific project, or it may be allocated by the County to a city for a specific project.

No action taken at this time, pending designation of projects by the Cities of Grass Valley and Nevada City.

Mr. Eugene Newman, Public Social Services Director appeared and presented the report of his Department.

Mr. Harold Wolters, Attorney at Law, appeared before the Board, and a lengthy discussion ensued between the Board, Mr. Wolters and the Planning Director, regarding a condition placed on the map of Malakoff North - a 20 acre division of land, that the land be zoned as R-1-A-B-X.

Mr. Wolters was informed that this could not be considered as an Appeal to the decision of the Planning Commission, and the Board recommended that Mr. Wolters take the matter back before the Planning Commission, requesting that further consideration be given, taking into consideration the topography and mountainous area.

There being no further business, the meeting was adjourned at 4:15 P.M.

I THEO. A. KOHLER, JR., Co. Clerk & Ex-Officio Clerk, Board of Supervisors, County of Nevada, State of California, do hereby certify, that the foregoing is a true excerpt from the minutes of the meeting of the Board held on August 6, 1968. IN WITNESS HEREOF, I hereunto affix my hand and the official seal of said Board, this 9th day of August, 1968.

LEGAL NOTICE

NOTICE OF IMPROVEMENT

NOTICE IS HEREBY GIVEN that on Tuesday, the 17th day of September, 1968, at the hour of 10:05 A.M. of said day, there will be a hearing on the Resolution of Intention for Sierra Meadows Unit No. 3 Assessment District, County of Nevada, State of California, and on the Engineer's Report filed pursuant thereto. Said hearing will be held at the meeting place of the Board of Supervisors of the County of Nevada, located in the Nevada County Courthouse, 201 Church Street, Nevada City, California. The purpose of the hearing is to consider any and all protests that may be filed against the improvements and acquisitions to be made, the extent of the assessment district, or the proposed assessment.

The Resolution of Intention provides for the construction of improvements and acquisitions in said Sierra Meadows Unit No. 3 Assessment District, County of Nevada, State of California. Said Resolution of Intention adopted on August 13, 1968, and the Engineer's Report filed pursuant thereto on August 13, 1968, in the office of the County Clerk of the County of Nevada are referred to for all matters in connection with said proposed improvements and acquisitions.

Any persons interested in objecting to the proposed improvements and acquisitions, the extent of the assessment district, or to the proposed assessment, may file written protest with the County Clerk of the County of Nevada at or before the time herein fixed for hearing. All protests must be in writing and addressed to the County Clerk, Nevada County Courthouse, 201 Church Street, Nevada City, California.

The total estimated cost of the improvements and acquisitions to be assessed upon the district is the sum of $291,242.65.

Dated: August 13, 1968

LEGAL NOTICE

NOTICE INVITING SEALED BIDS
IN THE MATTER OF THE CONSTRUCTION OF IMPROVEMENTS IN SIERRA MEADOWS UNIT NO. 3 ASSESSMENT DISTRICT, COUNTY OF NEVADA, STATE OF CALIFORNIA

Pursuant to the provisions of the Municipal Improvement Act of 1913 of the State of California, and to resolution of the Board of Supervisors of the County of Nevada directing this Notice, said Board hereby invites sealed bids and proposals for doing the work and improvements described in the Resolution of Intention in the above entitled matter, of said Board of Supervisors of the County of Nevada. Said Resolution of Intention is hereby referred to for a description of said work and improvement, the grades to which it is to be done, a description of the district to be assessed to pay the costs and expenses thereof, the bonds to be issued, and for all further particulars contained in said Resolution of Intention. Reference is hereby further made to the plans and specifications and detailed drawings for said work on file in the office of the County Clerk of the County of Nevada in accordance with which said work shall be done.

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of Nevada has heretofore established a prevailing rate and scale of wages in accordance with law, which rate and scale is as follows, to wit:

Automotive Oiler or Greaser	5.555	7.845	7.845	10.185	10.185

Health and Welfare are in addition to the above amounts. Vacation and Pension are in addition to the above amounts.

The contractor shall in the performance of the work and improvements conform to the Labor Code of the State of California and other laws of the State of California applicable thereto, with the exception only of such variations as may be required under the special statutes pursuant to which proceedings hereunder are taken and which have not been superseded by the provisions of the Labor Code. Preference to labor shall be given only in the manner provided by law. Veterans and resident local labor shall be given preference by the contractor whenever possible, if skill and working ability permit without increasing the ultimate cost of the work and improvement to the County of Nevada.

NOYICE IS HEREBY EXPRESSLY GIVEN that payments will be made to the contractor in cash by said County of Nevada, but only from the proceeds of any assessments which are paid in cash or from the proceeds of the sale of any bonds which are to be issued on the unpaid assessments. Said payment will be made to the contractor based upon the provisions in the specifications for payment based upon the quantity of labor and materials furnished by said contractor.

Commencing sixty (60) days after the commencement of the work and within the first five (5) days of each calendar month during the construction period thereafter, the contractor shall submit to the Engineer of Work an itemized bill of the quantity and value of the materials accepted and work performed prior to the end of the preceding month, and the Engineer of Work will, within a reasonable time, check such bill, make his estimate of the value of the same in accordance with the terms of the contract, and ninety per cent (90%) thereof shall be paid to said contractor on or before the 15th day of said calendar month; the remaining ten per cent (10%) of the amount due the contractor shall be paid thirty-five days (35) after completion of all said work and improvement and acceptance thereof by the Board of Supervisors of the County of Nevada.

All proposals or bids shall be accompanied by a check payable to said County of Nevada and certified by a responsible bank for an amount which shall not be less than ten per cent (10%) of the aggregate of the proposal, or by a bond for said amount and so payable, signed by the bidder and two sureties who shall justify, before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions, or by a corporate surety bond in said amount satisfactory to the engineer.

The time fixed for receiving sealed bids or proposals for the doing of said work and improvement herein ordered is the 3rd day of September, 1968 at the hour of 10:05 o'clock A.M. of said day, at the meeting place of the Board of Supervisors of the County of Nevada, located in the Nevada County Courthouse, 201 Church Street, Nevada City, California. Said bids, after being publicly opened, examined and declared, will be calculated by the Engineer of Work, his report returned to the County Clerk, and the report of the results of the bidding and the calculations of the Engineer of Work will be reported to the Board of Supervisors of the County of Nevada. The Board of Supervisors of the County of Nevada reserves the right to reject any and all proposals or bids, should it deem this necessary for the public good, and also the bid of any bidder who has been delinquent or unfaithful in any former contract with the County of Nevada.

Plans and specifications may be obtained at the office of the Project Engineer, Murray & McCormick, Inc., Post Office Box 1189, Tahoe City, California, 95730. A fee of $25.00 will be required per set of plans, of which $15.00 is refundable upon the return of each set in good condition within ten (10) calendar days after the award of the contract.

Dated: August 13, 1968

LEGAL NOTICE

NOTICE TO CONTRACTORS

Notice is hereby given that the Tahoe Truckee Unified School District, Placer and Nevada Counties, State of California, hereinafter referred to as the Owner, will receive up to but not later than 8:00 P.M. on August 21, 1968, sealed bids for the award of a Contract or Contracts for construction of the Donner Trail School Bus Garage, located on Old State Highway 40 near Kingvale. Such bids shall be received in the District Office located on Church Street, Truckee, Nevada County, California, and shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Articles 1 and 2 of Chapter 1, Part 7, Division II of the Labor Code, and Local Laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

CRAFT	HOURLY WAGE RATE	PER DIEM RATE	HOLIDAYS & OVERTIME
Carpenters	$5.405	$43.24	**
Cement Masons	5.27	42.16	*
Electricians	6.20	49.60	$12.40
Glaziers	5.27	42.16	***
Iron Workers – Reinforcing	6.06	48.48	$12.12
Iron Workers – Structural	6.46	51.68	$12.92
Laborers – General	4.425	35.40	****
Painters & Decorators — Brush	5.57	44.56	$11.14
Plasterers	5.15	41.20	$10.30
Plumbers	7.32	58.56	$14.64
Roofers	4.87	38.96	****
Sheet Metal Workers	6.30	50.40	$12.60

OVERTIME: Any additional time worked after the regular work day, Saturdays, Sundays and Holidays shall be considered overtime and paid for at double the straight time rate, unless otherwise specified herein.

* For the first two hours after the regular work day, overtime shall be paid for at the rate of time and one–half. All additional time worked up to 8:00 A.M., and on Saturday, Sunday and holidays shall be paid for at the double time rate.

** For the first four hours after the regular work day, overtime shall be paid for at the rate of time and one–half. All additional time worked up to 8:00 A.M., and on Saturday, Sunday and holidays shall be paid for at the double time rate.

*** For the first two hours after the first eight hours, Monday through Friday, and the first four hours on Saturday morning in the shop, time and one–half shall be paid. All other overtime shall be double time rate.

**** Any additional time worked after the first eight hours of regular work day and Saturday shall be paid for at the rate of time and one–half. Sundays and holidays shall be double time.

Each bid must conform to the requirements of the Drawings and Specifications and all other Documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the office of the Architect, GORDON STAFFORD, 1024–1/2 J Street, Sacramento, California, upon the deposit of $25.00 a set, which deposit will be refunded on return of such copies within 10 days after the bids are opened.

No bid will be considered unless it is made up on a form provided by the Architect and accompanied by certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above–mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within 5 days after notification of the award of the Contract to the Bidders.

The successful bidder will be required to furnish a Labor and Material Bond in an amount equal to fifty percent (50%) of the Contract Price, and a Faithful Performance Bond in an amount equal to one hundred percent (100%) of the Contract Price. Said bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and/or waive any irregularities or informalities in the bidding.

Dated this 26th day of July, 1968.

Bond Purchase Assures Water

More water for the King's Beach and Brockway areas of Lake Tahoe was assured yesterday afternoon (August 6) when a Bank of America group bought the $510,000 bond issue of the North Tahoe Public Utility District in Placer County. Net interest cost to the district was 5.3129 per cent.

The popular summer and winter resort communities will be served by a new intake system from Lake Tahoe, a 500,000 gallon reservoir and a new transmission line. Existing water lines will be replaced and more fire hydrants installed.

The district contains many permanent and seasonal houses, as well as motels, restaurants and commercial districts to serve the heavy tourist trade. There are now an estimated 2,500 permanent residents compared with 1,750 in 1960.

Competing bids for the bonds were submitted by Miller, Schroeder & Co. for a net interest cost of 5.883 per cent by by First California Co., Inc. for a 5.89 per cent rate.

The Bank of America group bid a premium of $127.50 over principal amount for 6 per cent and 5 1/4 per cent bonds. The bonds were reoffered to yield from 4 1/2 per cent in 1971 to 5 1/4 per cent in 1999. Bonds maturing on or after March 1, 1979 are callable.

Bank of America and its associates have bought more than $783 million of California municipal bonds in the past 12 months.

Other members of the Bank syndicate which purchased the bonds were: Dean Witter & Co.; F. S. Smithers & Co.; Stone & Youngberg and C. N. White & Co., Inc.

Set School Registration

Registration for the Truckee Parent Cooperative Nursery School is set for Tuesday, August 27, between 10 a.m. and noon at the nursery school located west of Tahoe-Truckee High School.

Enrollment is limited to 15 preschoolers between the ages of two years-nine months, as of September 1, and kindergarten age.

Mothers must be able to attend the twice-monthly evening meetings and to actively participate at school one morning per week.

The nursery school will have a new director - teacher this year, Mrs. Rex Andersen, a graduate of Chico State.

For further information contact Mrs. Lee Valasquez, (587-3247).

La Ferriere, Tamblyn Wedding

William "Butch" Tamblyn of Kings Beach and Debbie La Ferriere of Tahoe City were united in marriage in a small ceremony in Carson City on Sunday, Agust 4.

Attendants at the ceremony were Sergeant and Mrs. Mel McDougal of Tahoe Vista, and Mr. and Mrs. Leon Caldwell of Kings Beach.

The couple will make their home in Tahoe City, where Tamblyn is a Deputy with the Placer County Sheriff's substation.

Today's Chuckle

Two matronly ladies to travel agent: "We'd like to get completely away from civilization, near some nice shopping district."

Elks To Meet In Sacramento Clinic

August 25, the Sacramento Elks Lodge No. 6 will be host for the District Clinic involving Elks Lodges in Woodland, Marysville, Nevada City, Grass Valley, North Tahoe, Lake Tahoe, Placerville, Auburn, Roseville, Carmichael and Sacramento.

District Deputy Grand Exalted Ruler, Yubi Separovich, will conduct the Clinic. Separovich said they would discuss advance information for the Elks Programs for 1968-69.

The Elks, according to Separovich, will embark on an extensive Charitable Program, expanded youth programs and activies, and will stress "Americanism" and a new respect for our flag and what it stands for in the world of today.

FIRST SCHOOL YEAR — Meyers Elementary School opens this fall for the first time and is the newest addition to the Lake Tahoe Unified School District. Norman Enfield, an educator from Santa Barbara, will direct school activities for the initial year. The staff of the new school is composed of new teachers in the district and former employes who have been transferred from other schools.

New MeyersElementary School Opens Doors For First Class

Elementary school students residing in Meyers, Tahoe Paradise and parts of the Tahoe Valley area will begin school this fall in the newest addition to the Lake Tahoe Unified School District – the Meyers Elementary School.

Principal of the new educational institution is Norman Enfield, an educator from Santa Barbara. Enfield is experienced in working in the areas of team teaching and newer school practices.

In speaking about some of the new educational techniques, the Meyers principal noted that some of his future plans include making use of some of the tested theories to improve the educational program of the school.

"This will include exploration of new instructional techniques and organizational patterns as well as the application of modern learning theory," he said. "There is a large amount of tested data available that will help us improve our ability to help children learn," Enfield added.

The entire staff of the Meyers School is new, since this is the first year classes have been conducted there. However, a majority of the teachers have previously taught in the Lake Tahoe Unified District.

Those transferred within the district are Mrs. Marian Clinton, Mrs. Helen Brown, Gerald Burn, Miss Sandra Johnson, Mrs. Lola Peer, Mrs. Helen Richit, Marvin Langer, Miss Carolyn Lawson and Mrs. Marion Radcliffe. School secretary, Mrs. Joyce Speck, has also previously worked for the district.

Newcomers to Meyers and the school district are Mrs. Susan Keto, Mrs. Karyn Genth, Mrs. Carolyn Petrozzi, Mrs. Sharon Urban, Mrs. Donna Altes and Mrs. Judith Barry.

Parents may register for their children at the school Aug. 21 from 8 a.m. to 4 p.m. To register children beginning first grade or kindergarten, a document must be shown as proof of age.

LIBRARY BOOKS – Meyers Elementary School secretary, Mrs. Joyce Speck, is shown stacking new library books for the school. Meyers school is featuring many new innovations in elementary education and will have a central library and student gathering center.

LDS Seminary Class Studies New Testament

South Lake Tahoe Seminary of the Church of Jesus Christ of Latter-day Saints will conduct classes in the New Testament beginning Sept. 3 and running concurrently with the 1968-69 school year.

Classes are held weekday mornings from 6:30 to 7:20 to allow students to take the course in addition to their regular high school classes.

However, the seminary is completely separate from the school district and is under the direction of the LDS Church. The seminary maintains its own staff and grading system. Students who attend for four years will receive a diploma from the institute.

In addition to the New Testament, seminary courses include the Old Testament, Book of Mormon and church history. One course is taught each year under a rotation system which allows a student to complete all four courses during his high school years.

Students of any religious faith may register for the New Testament class which is solely a study of the Bible. Formal registration was completed last week, but students interested in taking the course may contact the instructors.

Teaching the course will be Mr. and Mrs. Steve Shaffer, who have been approved by the LDS Church.

School Year Calendar Completed

With the announcement of Sept. 3 as opening day for schools in the Lake Tahoe Unified School District, South Tahoe High School has compiled a school calendar for 1968-69.

The calendar, which covers the period from Sept. 3 through June 6, gives a complete schedule of school holidays and vacations.

Admission Day holiday will be observed Sept. 9, followed in November with Veterans Day and Thanksgiving. Veterans Day, Nov. 11, falls on a Monday and the Thanksgiving holiday covers Thursday and Friday, Nov. 28-29.

Christmas and New Year's vacation runs from Dec. 23 through Jan. 3.

Lincoln's Birthday is observed Wednesday, Feb. 12, and a week-long vacation is given for Easter. It begins March 31 and ends April 4. The last holiday of the year is Memorial Day, Friday, May 30.

WHITTELL HIGH EXPANSION — Work is still going on at Whittell High as part of a $350,000 expansion. Four classrooms will be added and a vocational shop facility. Completion date is sometime in January. There will also be five complete kitchen units for an expanded home economics program. Less than a quarter of the work has been completed at this date. — Tribune Photo

Tahoe Valley Pupils End Vacation

To younsters beginning kindergarten or the first grade, this fall means the start of a new and exciting part of their life.

To those students who are beginning their second, third or fourth year of education, the fall means becoming reacquainted with friends and fellow students. But, to the older students in the elementary school, starting school again this fall only means the end of summer vacation and one more step in their climb to the intermediate and then high school level.

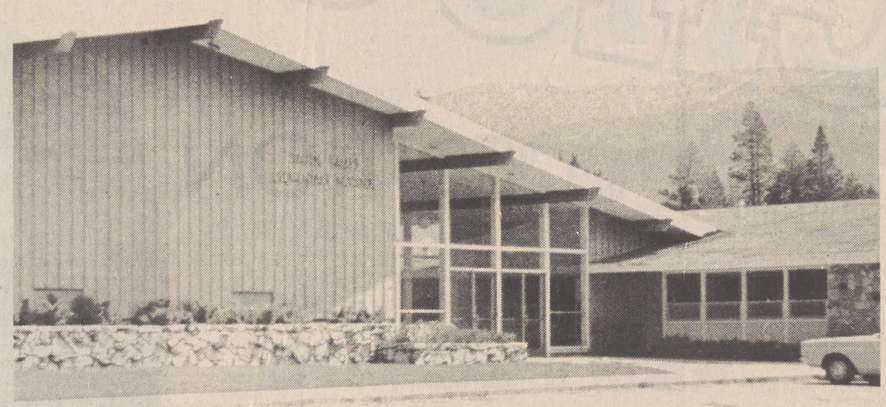
Typical of these students are those who will resume their formal education Sept. 3 at the Tahoe Valley Elementary School.

Heading the staff of trained educators in Walter Currier, principal. He is assisted by a staff of teachers including Mrs. Marian Clinton and Mrs. Irma Olds who work in kindergarten; first grade instructors, Mrs. Eileen Merrill, Miss Barbara Phillips; and Miss Ann Badgley who has a combined class of first and second grade students.

Tahoe Valley personnel also includes Mrs. Mary Ingram, second grade; Miss Elda Brecht, third grade; Mrs. La-Rayne Gore, third-fourth combination; Mrs. Marie Cluff, fourth; Mrs. Sue French, fifth grade; Donald Sheetz, fifth grade; Mr. Claire Johnson, sixth grade; Miss Suzanne Behme, sixth grade; Mrs. Marian Call and Robert Fuller, both are special education.

Students entering kindergarten at Tahoe Valley School, as well as at other schools in the Lake Tahoe Unified District, must be five years of age or older by Dec. 2, 1968, and those beginning first grade must have reached the age of six on or before Dec. 2, 1968.

A document giving proof of age for the new students must be presented by parents at the time of registration. Registration will be held Aug. 21, with school opening Sept. 3.



ELEMENTARY SCHOOL – One of the four elementary schools of the Lake Tahoe Unified School District is located in Tahoe Valley and furnished public education for students from kindergarten through grade six. School for the Tahoe Valley students, as well as all others in the district, begins Sept. 3.

Back-to-school clothing shortage?

Use your BankAmericard.® It's all you need to outfit your children for school. You can use it for shoes, slacks, shirts, skirts, books, pens, pencils—everything your children wear and use. For college students, it can even pay for their transportation to campus. With a BankAmericard, there's no service charge if you pay your bill within 25 days. For a small fee, you can extend your payments over several months. So if you're faced with back-to-school expenses this fall, don't forget your BankAmericard. It can help solve the arithmetic problem.

INCLINE HIGH — Students returning to school this fall in the Incline Village vicinity will attend classes in the newest educational facility at Lake Tahoe. The new building houses the Incline Village High School and Junior High School and features the latest school design and modern exterior architecture.

Incline Village Names Staff For Elementary, New High School

Carl Shaff will continue as principal of the Incline Elementary School and will also assume the duties of principal of the new Incline High School.

Added to the staff of the Incline Elementary School is Mrs. Joan Stephens, who will be teaching the intermediate grades. Mrs. Stephens is a graduate of the University of Nevada and previously taught at Glen Duncan School in Reno.

The high school staff will include Robert Corley, vice principal, who lives with his family in Agate Bay. He taught at Earl Wooster High School in Reno for four years, and has a Bachelor of Arts Degree from the University of Nevada and a Masters Degree from the University of Alabama.

Robert Prida, teaches social studies and physical education. He is a native of Lovelock, Nevada and has a degree from the University of Nevada. He recently returned from a teaching assignment in Puerto Rico. He and his wife are expecting their first child in September.

John Marean taught at Reno High and R. J. Clayton Junior High in Reno, and will be teaching science and mathematics at Incline.

James Conkey has been teaching at Reno High School and will be a science instructor at Incline High. He and his wife will bring their eight children to live at the north shore.

Jack Stephens, another University of Nevada graduate who has been teaching at Wooster High, will teach English and foreign languages.

Harriet Price, wife of Kings Beach School Principal Harvey Price, will be leaving the Incline Elementary School after four years to teach English at the high school.

Larry Borino will head the Business Education Department of the school. Borino has been at Incline Elementary for two years, and is a graduate of San Jose State College.

O'Neill Saunders will teach mathematics and coach the football team. He is a University of Nevada graduate.

Bruce Armstrong is a recent graduate of Brigham Young University in Provo, Utah. An industrial arts instructor, Incline High will be his first teaching assignment.

Miss Chai Ballew is a graduate of the University of Nevada and has been teaching at Sparks High School in Sparks. Her teaching assignment will be in the fields of home economics and physical education.

Superintendent Asks For 'Understanding' On Budget

Kenneth L. Lonergan, superintendent of schools in Placer County, in submitting school district budgets for publication prior to public hearings, asked for public understanding of the plight of school districts in Placer County.

The county superintendent has stated that never before have the school districts been in such a precarious fiscal position. Lonergan cites the following reasons:

Income: Cutbacks in federal support; no increase in state support; no increase in local support due to burden on the property owner; higher tax delinquency rates.

Expenditures: Salaries have increased; cost of utilities and maintenance have increased; cost of supplies have increased.

With these increases in costs and no increase in support, and in some cases a decrease in the support, districts are faced with cutting back their educational programs and using emergency reserves.

Districts are falling far short of a recommended 5 per cent reserve figure needed to cover loss of anticipated income or emergency expenditures.

Lonergan cited three school districts which because of lack of adequate reserves, could not meet their June payroll at the end of last fiscal year; thereby requiring loans that must be paid out of the districts' upcoming year's budget.

Lonergan stated that five school districts in the county have reserves for 1968-69 of less than 1 per cent and that five more have reserves of less then 2 per cent. Only seven districts in the county have reserves at or above the 5 percent recommended figure.

In citing the financial problems facing the schools in the county, Lonergan praised the ability of districts to submit educational programs in the face of cutbacks.

He issued a warning however, that additional cutbacks in the educational programs will have serious consequences on the product of our public schools — namely, an enightened citizen capable of perpetuating the American way of life.

School Opens In Nevada

Added to the staff of Truckee Elementary are three young teachers, two of whom will have their first teaching assignments in Truckee.

Miss Barbara Cooper of Reno is a graduate of the University of Nevada. She has been teaching at Dixon, California, and will teach remedial reading.

Miss Linda Hoehn has recently graduated from San Jose State and comes from San Mateo. She will teach sixth grade.

Miss Helen Ramstead is a resident of Redwood City, and has just graduated from San Francisco State. She will teach the fourth grade.

Two new teachers will join the staff of the Donner Trail School.

Theresa Cotrell of Tahoe City, taught in Manteca and is a graduate of Dominican College in San Rafael.

Tex Oxborrow is a native of Nevada having graduated from Carson City High School, and San Francisco State.

ZEPHYR COVE — Children who live in the Zephyr Cove area will attend kindergarten through eighth grade in the Zephyr Cove Elementary School located just off Highway 50. Mrs. Evelyn Trumbell is principal of the Nevada school.

Tahoe-Truckee District Note Registration Plans

Tahoe-Truckee Unified School District has issued its registration regulations for the upcoming school year:

"California State law requires that certain specific procedures be followed in enrolling children who enter California public schools for the first time. The principal is responsible for seeing that all the following requirements are met:

1. A child entering kindergarten must be five (5) years old on or before December 1 before he can be legally enrolled.

2. A child who has not attended kindergarten and is entering the first grade must be six years old on or before December 1 before he can be legally enrolled.

Proof of age must be presented at the time of registration for school in the form of a legal document: (a) a birth certificate, (b) a baptismal certificate, or (c) a passport.

In addition to the above proof of age, the laws of California require that any child entering school for the first time in California show proof of the following:

a. Immunization against poliomyelitis. This may have been either Salk or Sabine vaccine.

b. Evidence of immunity to measles (Rubeola) either as a results of having had measles or of having been immunized against measles.

A statute provides for exemption from the immunization requirements if immunization is against the beliefs of the parent or guardian, or if a physician advises against immunization. However, a form requesting such exemption, signed by the parent, must be on file with the school.

Placer County Schools Add Instructors At North Shore

Three additions to the teaching staff at the Tahoe Lake School in Tahoe City will provide a full complement of teachers for the school year 1968-69.

Fifth grade instructor, Mrs. Yvonne Keating is from Newport Beach, California. She has a degree from Western Michigan University and taught in El Monte. She and her husband, Tom, have three children and he is a partner in Porter's Clothing Store.

Mrs. Virginia Rogers is returning to Tahoe Lake School after an absence of two years. She previously taught the fourth grade, but will be with the sixth grade this coming year.

David Smythe, will be the music instructor for the Tahoe Lake and Kings Beach Schools this year. He is a graduate of Chico State College, and has taught at Challis, Idaho.

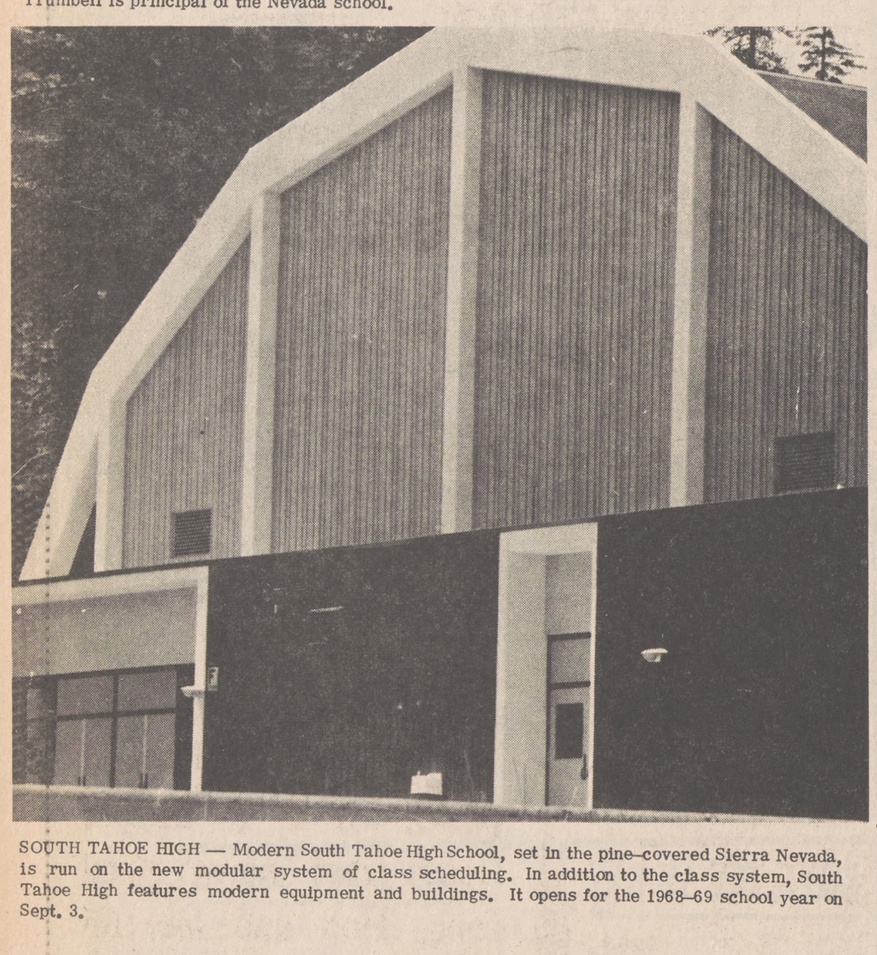
Mrs. Barbara Hays, who has been teaching at the Incline Elementary School, will be teaching the second grade at Kings Beach.

Miss Mary Ellen Robbins, a graduate of San Jose State, will assume the duties of teacher of the fourth grade. She has taught in the elementary school system in San Jose for three years.

Miss Rae Paine of Incline Village will teach the seventh grade. Miss Paine received her degree from La Verne College, in Los Angeles and has taught in Claremont, California for seven years.

Claude Burton will head a pilot course at the Kings Beach School this year for educationally handicapped children. Burton is a graduate of Austin College in Sherman, Texas, and will be bringing his wife and three children from Plainview, Texas where for seven years he was an elementary instructor.

The pilot class will provide individual instruction for students deemed educationally handicapped (not learning to capacity) by a committee of five, consisting of principal, teacher, school nurse, M. D., and psychologist.



SOUTH TAHOE HIGH — Modern South Tahoe High School, set in the pine-covered Sierra Nevada, is run on the new modular system of class scheduling. In addition to the class system, South Tahoe High features modern equipment and buildings. It opens for the 1968-69 school year on Sept. 3.

AUTUMN AT THE LAKE – September at South Lake Tahoe means the beginning of fall and time for school to begin after a summer vacation. The staff at Al Tahoe Elementary School join others in the Lake Tahoe Unified School District in preparing for the annual return of students.

Al Tahoe School Sets Class Start Sept. 3

When Sept. 3 rolls around, marking the time for students to end their summer vacations, elementary school youngsters living in the Al Tahoe area will be among those making the annual fall trek back to classes.

Registration for students at Al Tahoe Elementary School will be held Aug. 21, when parents should arrange for child's schedule.

A birth certificate or some legal document proving the age of the child should be presented at the time of registration for all kindergarten and first grade students who have not previously attended school in the Lake Tahoe Unified School District.

The Al Tahoe educational institution, which includes students from kindergarten through sixth grade, will be directed by William Eberhart, principal. Eberhart was also principal of the school last year.

Other staff members at Al Tahoe are Mrs. Sue Pritchett, who will teach a half-day session of kindergarten at the school; Mrs. Mary Lynn Shaw, first grade; Mrs. Avanelle Heatherton, second grade; Miss Linda Newquist, second grade; Mrs. Donna Jones, second-third grade combination; and Mrs. Marna Miller, third grade.

Also teaching at Al Tahoe will be Mrs. Ethel Rutz, fourth grade; Mrs. Helen Reynolds, fourth-fifth grade combination; Michael Franceschini, fifth grade; Mrs. Ann Phillipe, fifth-sixth grade combination; Mrs. Margaret Chase, sixth grade; and Robert McWilliams, sixth grade.

CREAM PUFF BAKERY — Cookies galore to fill lunch boxes and hungry stomachs, is what Mary Ingraham, left, and Lavina Ecker serve up daily at the Cream Puff Bakery. The bakery, located in the Cresent V Shopping Center next to the post office, bakes everything fresh daily.

High School Registration Dates Told

South Tahoe High School, which features the latest in school facilities and new mordern teaching techniques, begins another year of educational and social activities Sept. 3.

Registration for high school classes begins Aug. 19 and should be completed prior to the beginning of class instruction.

Directing high school activities for the 1968-69 school year will be John H. Downey, principal; Orval R. Steffen, associate principal; T. L. Davis, assistant principal; David Hill, student activities; and Patrick Diskin, adult education.

The counseling staff is composed of Anita Vieites, ninth grade; Robert Kirby, grades 10 and 11; and Gerald Parodi, twelfth grade. Henry French is librarian and Mrs. Catherine McBride is school nurse.

Instructing classes at the South Tahoe school will be Anthony Armijo, Spanish; Miss Joan Bamberger, business; Mrs. Susan Bartholomew, home economics; Arthur Branchini, mathematics; Vincent Campodonico, social science; Miss Elizabeth Colescott, girl's physical education; Michael Connolly, science; Bruce Cook, foreign language; and Mrs. Elizabeth Cooper, home economics.

Other staff members are Bill E. Crawford, English; Dr. Will S. Cluff, Jr., social science; Bruce Cox, vocal music; Walter Denny, continuation school teacher; Dan Dvorak, art; Arthur Endsley, metal shop; William Frame, French; Douglas Graham, wood shop; Brian Hayes, English; Edward Hegarty, athletic director; James Hildinger, band-music; and David Hill, social science.

Also Richard Jamieson, mathematics; Keever Jankovich, boy's physical education; James Jones, mathematics; Donald Kortes, business; Daniel Mahone, mathematics; Ronald Mann, mechanical drawing; Harold Mapes, science; Miss Margaret Meyer, business; Andrew Miller, social science and Michal Noble, science.

Additional teachers on the high school level are Mrs. Marian Papay, German; Mrs. Adah Ritter, special education; Norman Robinson, English; William Russon, driver training; Mrs. Barbara Shepard, English; Gordon Shirts, social science; Charles Snell, social science; Thomas Sousa, drama; Michael Swartz, English; Miss Patricia Tate, girl's physical education; Michael Taylor, science; Alfred Tomasini, boy's physical education; Warnner Tooker, auto shop; Wilbur Twining, English; Miss Barbara Vye, social science; Mrs. Ellen Vlasek, English; and John Yeager, reading.

REGISTRATION MATERIALS - Stacks of paper await incoming students at South Tahoe High School. The papers, when compiled into a booklet, will explain to students the modular scheduling system and regulations at the school.

SCHOOL LANDSCAPING — Members of South Lake Tahoe Lions Club are landscaping a recreation area adjacent to the South Tahoe Intermediate School as a public service project. The area will serve as a city park and recreation area in addition to providing an appropriate place for students to play outdoors. The Lions landscaping program has been continuing throughout the summer. Other areas of the Intermediate School campus have already been completed.

State Leads In Compacts

California, with 336 negotiation agreements between teacher organizations and school boards, leads the nation in the number of compacts affecting public education. Four out of five teachers in systems having agreements are affiliated with the National Education Association (NEA) rather than teacher unions or independent groups.

South Tahoe's Vikings Take Aim On League Top Spot

Coach Keever Jankovich finished 5–3 overall last year and 5–2 in the Golden Empire League, good enough for second place.

This year's team has the potential to go all the way, according to Jankovich.

"If the junior varsity comes through as we expect—we expect to be a contender. Of course there's always Cordova and Jesuit. Jesuit beat us 7–6 last year," Jankovich said.

This is Jankovich's 10th year at South Tahoe High.

The 40–year–old Viking mentor is assisted by Al Tomasini, who is also basketball coach. Head coach of the JV's are Bill Crawford, head coach and Andy Miller, assistant coach.

The heart of Jankovich's team this year is composed of Mike E. Griffis, tight end and Mike "Tank" Griffis, center. Both are seniors.

Other returning lettermen are running guard Steve Sutton, right tackle Gary Lehman, strong tackle Dave Strazdas, tight tackle Jerry Sherman, split end Richardo Trueba, quarterback Mike DeLong, left halfback Phil Hallstrom, fullback Steve Crum (a tackle last year), fullback Pat McWilliams, wingback Chris Hawks and center Joe Round.

The Vikings open their 1968 football season against Calaveras Sept. 13 away from home at San Andreas. Their first home game at South Tahoe is Sept. 21 against Lassen.

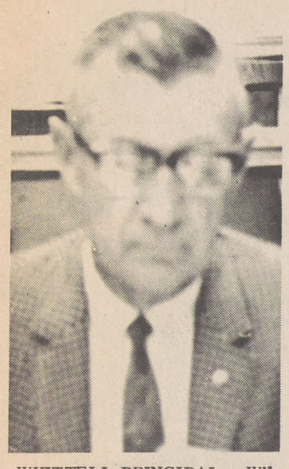
The Vikings play a nine–game schedule, with other home games scheduled Sept. 28 against Tahoe–Truckee and Nov. 2 nad Nov. 9 vs. El Dorado and Cordova, respectively.

The freshman team kicks off its season on Sept. 12 against Stewart at South Tahoe. Freshman coach is Dan Mahoney.

– – –

The basketball team has at least an 18–game schedule, including the Stewart Tournament Dec. 6.

Viking basketball coach Al Tomasini's quintet opens their 1968–69 schedule Nov. 22 against Amador High at Sutter Creek. Final game is Feb. 28 against Ponderosa High in an away game.



WHITTELL PRINCIPAL — William Wright, principal of Whittell High School gets ready for his ninth year behind perhaps the most important desk in the school. He formerly held the post at Fallon High School. His faculty is 13 this year for an estimated enrollment of 150 students.

Registration At Whittell — On Aug. 26

The magic day and hour at Whittell High School is Tuesday, Sept. 3, 9 a.m.

Nobody turns into a pumpkin at the "witching hour." But an expected 150 vacationing students turn into hard–working scholars then.

The first day's session, Tuesday, is a short one, with classes set to be dismissed at 10:30 a.m.

On Wednesday, the second day, things really start going, with a 9 a.m. to 3:30 p.m. session.

Lunch will be served beginning Wednesday. Prices are $.40 for elementary students, $.45 for high school students and $.50 for adults.

All elementary school students are to take the first bus run, beginning at 5 a.m. and last pickup is 7:55 a.m.

Bus runs for high school students begin at 8:25 a.m.

All high school students at Whittell are reminded to register for classes during the week preceding the opening of school.

Freshmen register 9 a.m. to 2 p.m. on Monday, Aug. 26.

Sophomores register Tuesday, Aug. 27; juniors, Wednesday, Aug. 28 and seniors get their chance Friday, Aug. 30.

There is no registration on Thursday, Aug. 29 due to a teacher's meeting at Garnerville that day.

This year Whittell High has six–period days rather than five. Each period lasts 50 minutes.

Students are reminded to purchase all school supplies as soon as possible.

In certain courses, such as science, students may be required to post a "breakage deposit" — which is $1 in most cases.

Language students intending to take record albums home for study must post a $5 deposit.

For any questions during the week about any aspects of registration, call 588–2446.

Truckee High Set For Fall

According to Wes Sauby, Director of Curriculum and Federal Projects for the Tahoe Truckee School District, the following appointments have been made to complete the teaching staff of the Tahoe Truckee High School:

Miss Janice Butz of Woodland 15 a graduate of Sacramento State and will teach senior english.

Donald Fonts formerly taught in Oakland, and will teach freshman english at Tahoe Truckee.

Nick Santa Maria will teach life sciences and be assistant coach. He taught at both Portola and Greenville High Schools.

Mrs. Judith Wilson of Homewood will be in charge of girls physical education. She taught for the San Juan Unified School District in Sacramento, and her husband teaches at Tahoe Lake School.

Mrs. Barbara Small who was music teacher for the Tahoe Truckee Elementary Schools last year will be a full time teacher at the high school teaching junior english and chorus.

Aviation Science will be offered at the high school for the first time to junior and seniors. The course will include ground school, and the basics of navigation, weather, and the principles of flight.

Today's Chuckle

Fresh out of college and seeking his first job, the young man wrote the following question on his application blank: "Are the salary raises here automatic or do you have to work to earn them?"

South Tahoe Slates Track Meet

South Tahoe High's cross-country team, coached by Jim Jones, will have its first meet Sept. 19.

In its third year of competition, the team takes on Ponderosa and El Dorado in a South Tahoe home meet.

"We had a young team last year and if all our up and coming runners develop, we'll have a good shot for first place in both divisions," Jones said.

"Official practice sessions will be announced later, but anyone interested in trying out for the team can begin working out on their own now," Jones added.

Jones had seven returning lettermen, headed up by Charles Lolli, who, last year as a sophomore, competed for the varsity and placed third in the league meet behind two seniors.

Lolli placed fifth in the San Juaquin Sectional meet at Modesto in the soph division.

Other top returnees are Cactus Bryan, who was plagued by injuries last season; Jack Murtha and Mike Barbonne.

Rick Duncan, last year's "outstanding sophomore," should be a real asset to the team this year, along with Bob Sauer, Rick Morris and Joe Bryan.

Up from the freshman-sophomore squad are Alan Soo, Steve Swan, Jim Atkins, Frank Lawson, Dan McFarlane, Randy Gerrard and Mike Christopherson.

More Youngsters

From the fall of 1956 to 1966, enrollment of 5-year-olds in kindergarten and elementary school increased from 58.9 per cent to 72.8 per cent.

On the JV side of things, Gary Young is expected to be key man on a team that includes Gary Young, Mike Blaustone, Richard Lammay, Mike Mejia, Marty DeTarr, Cleve Schuster and Gerald Wong.

The battle of the sexes has lost some of its steam since it's so difficult to tell who's which.

VIKINGS' FROSH GRID SKED

Date	Team	At	Time

School Enrollment Shows Increase

Enrollment in public elementary and seconday schools increased 20.7 per cent from 1960 to 1967 and is expected to rise 6.2 per cent by 1975. Private school enrollment, on the other hand, increased by 16.9 per cent from 1960 to 1967, with only a 2.9 per cent rise forecast to 1975, according to Education News Service.

GARY LUNDERGREEN
. . . Warriors' coach

Whittell's Warriors — Ready To Go

Coach Gary Lundergreen, in his ninth year at Whittell High School, has a long way to go in improving the Warriors in football this year—but he's optimistic it can be done.

The Warriors, 0-8 last year in Northern A Conference play, are working on improving their offense, and despite only none returning lettermen, "have really got the experience to count on," according to Lundergreen.

The 33-year-old Lundergreen who is also athletic director played his football at the University of Nevada. He was a flankerback.

Heading up the returnees from last year's team is Leo Luchette, a senior, who quarterbacked the team in 1967. A two-year letterman, Luchette may be switched to halfback.

Two-year-letterman Dan McElroy is back, along with big 6-4, 210-pound soph Jim Stewart. Others expected to give the team a boost are Kelly Kramer, senior; Dennis Andrews, junior; Richard Hames, junior; Ron Allen, sophomore; Dave Slaughter, junior and Jim Weiss, junior.

"We're going to have less speed, but a more potent ground attack, operating out of what might be called a power-slot offense," Lundergreen said.

He admits that without a JV team, the team is hampered slightly, but Lundergreen is optimistic about his team's chances this year.

Whittell High Teaching Staff Increases To 13

Whittell High School will have a staff of 13 this year—an increase of one.

Returning teachers are Mrs. Genevieve Ferry, Mrs. Jeanne Wilkins, Miss Mary Shriner, Miss Linda Reardon, Gary Lundergreen, George Mross, Kenneth Week, Mrs. Joan Miller and George Graham.

New teachers are Alfred Hass, science; Gilbert Ayarbe, mathematics, Richard Brownfield, typing, also as assistant football coach and head basketball coach and Miss Roberta Romero, home economics.

Miss Romero is the first teacher at Whittell to have been a student under Principal William Wright. Mr. Wright was principal at Fallon High School from 1956 to June, 1961.

Boards Negotiate With Teachers

In June, a state caucus of the Education Commission of the States voted 100 to 28 in favor of legislation mandating that boards of education negotiate with teachers. The proposal passed although only 16 states now have such statutes. The caucus, which included governors and legislators, also voted 105 to 32 in negotiations, according to Education News Service.

TRUCKEE ELEMENTARY – Located on old Highway 40 between the town of Truckee and Donner Lake, Truckee Elementary School serves an area bounded by Donner Summit, Lake Tahoe, Sierra County and the Nevada state line; returning as principal for 1968–69 is Rex Anderson.

Principal, Teachers Ready Bijou School

Thomas Mitchell, principal of the Bijou School, and his staff of educators are preparing for the Sept. 3 return of elementary students in the Bijou area of South Lake Tahoe.

In addition to kindergarten teacher Sue Pritchett, Bijou personnel includes Mrs. Claribel Kennedy, kindergarten; Mrs. Dorothy Bell, first grade; Mrs. Mary Eberhart, first grade; Miss Anne Warren, first grade, Mrs. Gertrude Greenough, second grade; Mrs. Jean Myers, second–third combination; and Albert Hagerman, third grade.

Teaching older students in the elementary school will be Mrs. Janet Ashcroft, third–fourt grade combination; Mrs. Thelma Bernhardt, fourth grade; Gerald Wilson, fifth grade; Miss Beverly Nelson, fifth grade, Miss Margaret Ingram, sixth grade; and Mrs. Dorothy Bauer, special education.

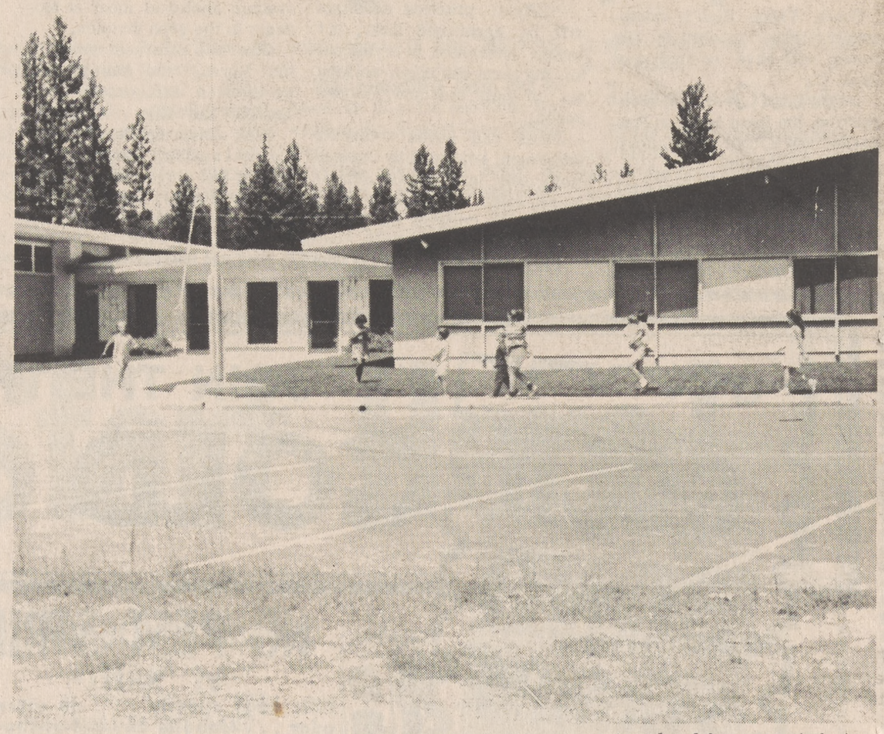
Kindergarten and first grade students entering school in the Lake Tahoe Unified District for the first time must present a birth certificate or other proof of age.

Parents of elementary school children attending Bijou School may register for the student Aug. 21. Students do not need to accompany their parents on registration day.

A schedule of bus operations and time in class for the Bijou School, as well as the other schools in the district, will be announced this week by the superintendent's offcie.

Many Workers Are Employed

All full–time and part–time workers in the schools in the fall of 1967 were estimated at 5.6 million. This figure does not include many workers in special community programs financed from federal and foundation funds and other sources, according to Education News Service.



BIJOU BUILDINGS – Providing public education on the elementary level for many students on the South Shore is the Bijou School staff and administration. The Bijou School will hold registration on Aug. 21 with school beginning Sept. 3.

Classes Begin Earlier At Zephyr Cove

School bells will ring earlier in the morning this fall for first and second grade students at Zephyr Cove Elementary School.

Students in the first two grades will begin classes at 8:25 a.m., the same time as grades three through eight.

However, the younger students will be dismissed 2 p.m. while classes for the higher classes will continue until 2:45 p.m. An exception to these hours will be made the first day of school when students will only meet from 8:25 to 10 a.m.

Two kindergarten sessions will be conducted this fall at Zephyr Cove. The morning group will attend school from 9:15 to 11:15 a.m. with the afternoon session being held from 1 to 3 p.m.

Registration for all classes at the school is being held during the entire month of August. Parents may register for their students weekdays from 9 a.m. to 12 noon and 1 to 3 p.m. Classwork begins Sept. 3.

A birth certificate must be presented for students who will be entering kindergarten or first grade.

The Zephyr Cove staff, which is headed by Mrs. Evelyn Trumbell, principal, includes Mrs. Carolyn Monahan, kindergarten; Mrs. Madelyn Vaughn and Mrs. Ada Cole, first grade; Mrs. Betty Parodi and Miss Patricia Elliott, second grade; Mrs. Vivian Tisher, third grade; Miss Georgia Cole and Mr. Leslie Tompkinson, fourth grade; Miss Barbara Secoy and Mrs. Sharon Williams, fifth grade; and Mrs. Carolyn Newton and Denis Barsness, sixth grade.

Teaching special subjects for seventh and eighth grade students will be Mrs. Marilee Downer, mathematics; Mrs. Twyla Ayarbe, English; Mrs. Linda Maddan, social studies; and Miss Kathy Silsbury, science. Mrs. Susan Barsness is school nurse and Mrs. Joni Wines is school secretary.

RESIGNS AT WHITTELL – Mrs. Helen Bradbury, secretary at Whittell High School for the past seven years, is resigning her post. She will be replaced by Mrs. Constance Oliver.

RALEY'S DRUG CENTER — Marty Hock, manager of Raley's Drug Center, located in the Cresent V. Shopping Center, stands in front of a display featuring back to school supplies. The selection is complete. Everything the student needs from pencils to typewriters can be found in the store. In the store's selection of 120,000 items, back to school clothes and lunch kits can also be found.

APPEALING APPAREL — Miller's Apparel, located in Round Hill Village Shopping Center, has a complete new line of back–to–school fashions for boys, girls and young adults. The fashion center also features a quality line of men's and women's styles. In addition to catering to all members of the family, Miller's has a large stock of black skirts and pants and white shirts and blouses for those who wear black and white uniforms while working in the Lake Tahoe area.

MONTGOMERY WARD — One way of buying, through catalog sales, is shown here by Mrs. Billie Copeland. Mrs. Copeland manages the Montgomery Ward Catalog Sales Store located in the Cresent V Shopping Center Annex. The catalog features a complete line of Montgomery Ward products, with an extensive selection of back to school items.

INTERMEDIATE SCHOOL – Seventh and eighth grade students in South Lake Tahoe study in the Intermediate School located in the Al Tahoe area. Sixth grade students, who previously attended classes in the building, now have been added to the grades on the elementary level.

New Principal Named For Intermediate School

South Lake Tahoe Intermediate School opens Sept. 3 with a staff of 28, including a new principal, John Temple.

Temple, who was previously principal of the Burnett Intermediate School in Morgan Hill, Calif., has been working in educational administration for 10 years.

Dave Miller, vice principal during the last school year, will return to his positions this fall. Another new member of the staff is Bill Fairly, school counselor, who moved to South Lake Tahoe from Southern California.

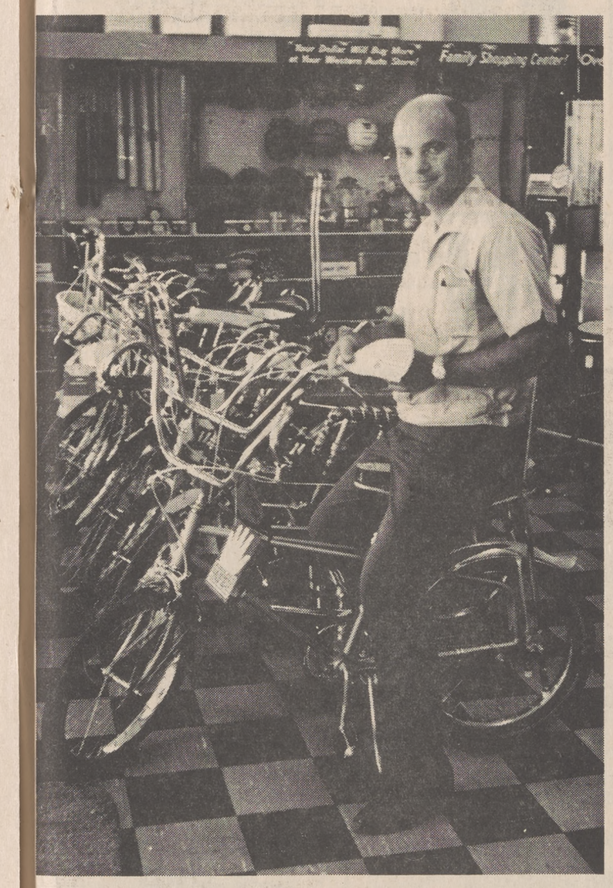
Sheldon Van Duzer is librarian, and other staff members are Cory Aboudara, mathematics; George Bober, seventh grade core; Ron Butterbaugh, industrial arts; Richard Call, mathematics; Miss Norma Carder, art; Dave Case, Mathematics; Victor Chiodo, instrumental music and typing; and Miss Janet Fairbanks, home economics.

Also teaching at the Intermediate School will be Mart Gaddy, reading; Al Hildinger, science; Richard Hincker, eighth grade core; Roger Hinds, science; Plymton Hydrick, seventh grade core; Miss Karen Laffoon, French; Mrs. Emelynn May, choral music; and Mike Mejia, Spanish.

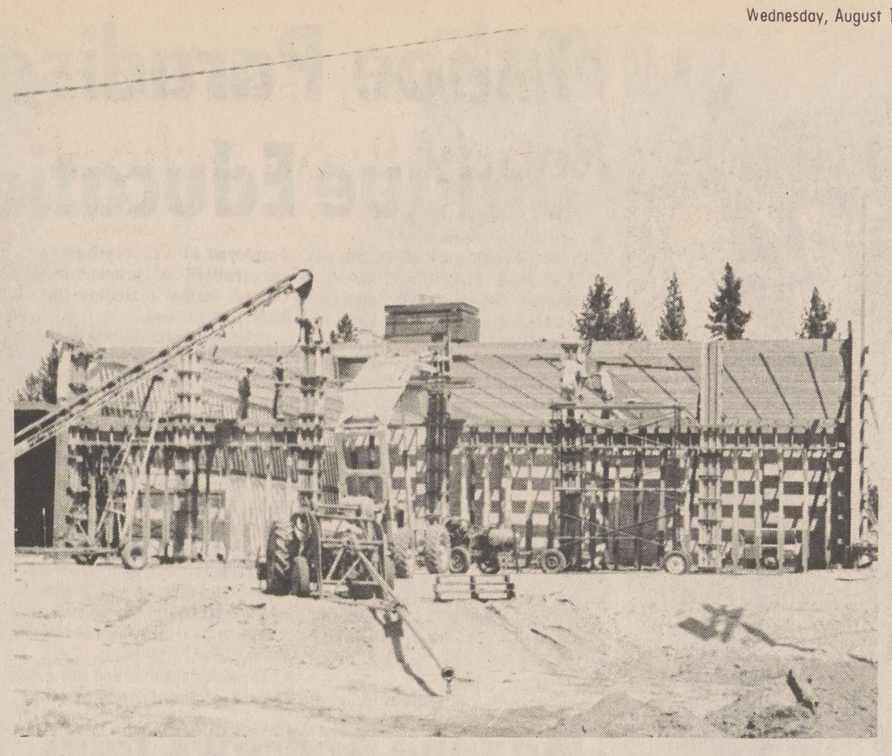
Other staff members include Mrs. Marjorie Morris, eighth grade core; Arthur Muskovitz, special education; Mrs. Pearl Plummer, special education; Robert Roberson, eighth grade core; John Wilkins, seventh grade core; Les Wright, physical education; Mrs. Janet Zeller, physical education; and Mrs. Ruth Sultenfuss, secretary. An attendance clerk is still to be hired.

Registration for Intermediate School students will be held Aug. 21. Parents and students should carry out registration procedures together.

Temple also reports that all seventh and eighth grade students are required to fill out a special form available at the office on registration day.



WESTERN AUTO — Gerry Gelb, manager of the Western Auto store located in the Cresent V Shopping Center Annex, sits astride a bicycle similar to the one the chain of Western Auto stores will be giving away this fall in conjunction with back to school activities. Western Auto features one of the most complete lines of bicycles in the Tahoe area. Entry blanks can be obtained at the store.



NEW WAREHOUSE – South Tahoe Unified School District is building a warehouse in order to facilitate mass buying. Until now the district had to buy supplies piecemeal. With construction of this large warehouse the district will save money on discounts given on large quantity purchases. The warehouse is located next to the school bus barns at the Intermediate School.

ELAINE'S BEAUTY SHOP — For that girl who wants to look extra special for opening day at the schools, Elaine's beauty shop can help. At prom time Elaine's helpers, Jackie Sileira, left, and Doris Lawerence, will give hair a special touch. Having their hair done are Mrs. Cecil Ormond, left, from San Anselmo, Calif., and Lorri Rankin of South Lake Tahoe. Elaine's shop is located in Nay's Bijou Center, South Lake Tahoe.

THE RAM – The Outdoorsman is featuring back to school specials in the Ram Mens Shop at the store. Here Ron Koepp wears a Gant shirt, Levis Sta-Press pants, Bernard Altman sweater and Florsheim shoes. A complete selection of a back to schools styles for the young man is available.

Schools Slate Registration

Lake Tahoe Unified School District will hold total registration for all elementary students, kindergarten through eighth grade, Aug. 21, school officials report.

The parent or guardian of school-age children should register for the student. Those who have not been previously registered in the district or are beginning kindergarten should bring some document of proof of the child's birth date.

In addition to birth certificate, a baptismal certificate, notification of birth registration, or any legal document stating the birth date may be used.

Childred entering kindergarten must have reached the age of five on or before Dec.2, 1968. Students who will begin first grade must be six years of age on or before Dec. 2, 1968.

Registration for high school students in the district starts Aug. 19 and continues until just prior to the beginning of classwork Sept. 3.

In Nevada, Zephyr Cove Elementary School registration is being conducted all during the month of August. Parents should register for their children and those enrolling in the school for the first time must show their birth certificate.

Raley's Market, which features complete grocery shopping, has a large selection of products designed to delight youngsters at lunch time, plus a large variety of staples; lunch meats; breads and fruit.

Tahoe Paradise Sees Unique Education Plan

For many years H. P. Sturm, President of Tahoe Paradise College has been planning the creation of a unique kind of college.

Eight years ago, President Sturm and two of his teaching colleagues who were then teaching at a small, liberal arts college in the Rocky Mountains area formulated what they called "a plan of education." This plan borrowed from the English Oxford System, the idea that students influence each other to a large degree so why not have the older, more mature students actually tutor lower division students, especially those who are having difficulty.

The tutorial system is being employed at a few colleges and universities at present in the United States including Tahoe Paradise College.

Another unique educational idea of the "plan of education" is the Seminar System. Many colleges have an Honors Program which involes a very small percentage of the students but the Seminar System gives every student an opportunity to do individual research, to express himself freely and to be exposed to new academic areas. The seminar is designed to stimulate both faculty and students adademically and remove barriers to learning and development.

President Sturm and his colleagues "plan of education" was the basis for the beginning of Tahoe Paradise College when it was formulated in April, 1967. The college opened classes on September 9, 1967 with 138 students.

The college occupies what was formerly a large, three story hotel in the community of Tahoe Paradise which is near the South Shore of Lake Tahoe on Highway 50 approximately 9 miles from the Nevada State Line in California. Rober Losser, Director of Admissions for the college estimates an enrollment of approximately 300 students for Fall Semester with considerable geographic distribution representing the East as well as almost every part of the State of California. This growth in enrollemtn represents a 100 per cent increase.

President Sturm reports many faculty have contacted the college about possible teaching positions. The college tends to attract a teaching oriented faculty due to its emphasis upon the individual student.

A permanent campus site has been selected approximately one mile from the present site. The new campus will border the Upper Truckee River.

VIEW FROM THE FRONT – Tahoe Paradise College is ready to open its doors for the fall semester. "Unofficial greeter" is Dr. H.P. Sturm, president of TPC.

Maxene Andrews Joins Tahoe College Staff

Maxene Andrews, one of the fames singing Andrews sisters of music, movies and television has retired from show business to accept the position as Tahoe Paradise College's Dean of Women.

Miss Andrews announced her retirement from show business Friday. Her new position is effective immediately.

She will also assist Gil Ralston of TPC in drama and music. Ralston is head of the division of communications.

A veteran of more than 30 years in show business, Miss Andrews and her sisters claim "Rum And Coca Cola" as their biggest hit. The record sold over seven million records.

Miss Andrews admits "nothing in particular made me want to go into this field — I didn't know what direction I wanted to go after retirement, but the whole idea of this college is so exciting, that it would be a shame that all these years of experience dealing with youngsters had gone to waste," she said.

Miss Andrews has a married daughter, Aleda, 23 and a son, Peter, 21, who attends the University of Southern California.

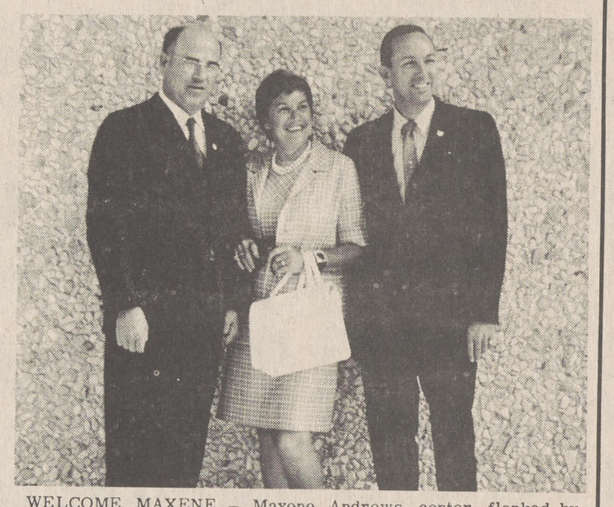
Originally from Minneapolis, Miss Andrews and her sisters have been active in show business since 1938. She lives in Los Angeles, but will make Lake Tahoe her new home.

Andrews is her real name. Her age? "Just say I'm 39—the same as Jack Benny," she said with a smile.

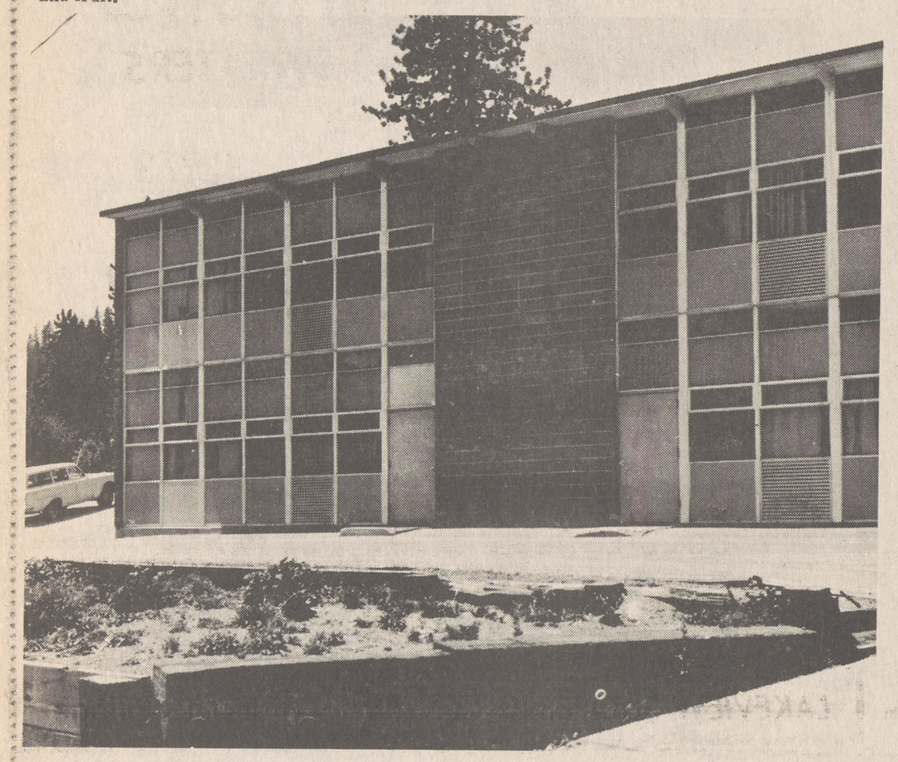
"The whole idea is different to me," she said.

"I love the relationship of a small school helping students in development in individuality—the concept is so refreshing."

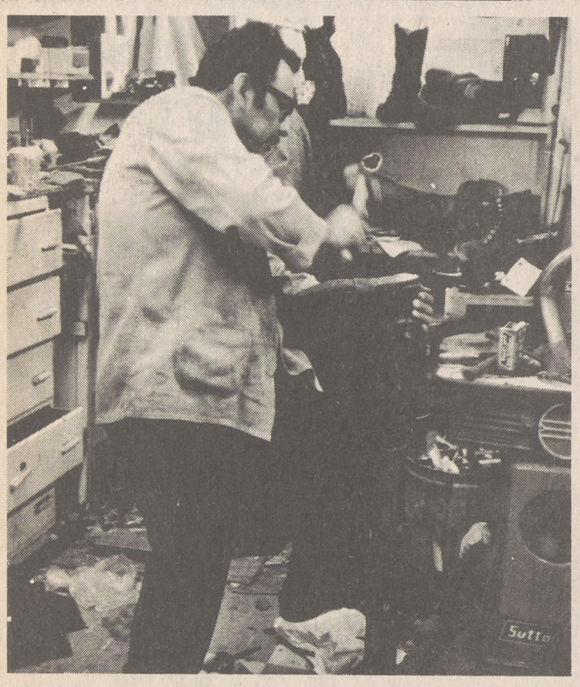
And so is Miss Andrews.



WELCOME MAXENE – Maxene Andrews, center, flanked by Dr. H. P. Sturm, president of Tahoe Paradise, left and his assistant, Bill McNaughton get together Friday after Miss Andrews was named Dean of Women at the school.



TAHOE LAKE SCHOOL – Located in Tahoe City, the largest elementary school in the Tahoe-Truckee School District still offers the individual attention so needed by youngsters. Principal Derryl (Smoky) Smith is rightly proud of his staff.



CASTILLO'S SHOE REPAIR – For youngsters who need their shoes repaired before returning to school, John Castillo, shown in the back of his shop, would be glad to fix them. Castillo's shop is located in Nay's Bijou Center on the South Shore. Open year-round, Castillo's shop will come in handy to repair shoes which have fallen prey to hard playground surfaces.

St. Theresa's Adds Activities

St. Theresa's School, conducted by the Sisters of the Immaculate Heart of Mary, will open for the new fall term Sept. 3.

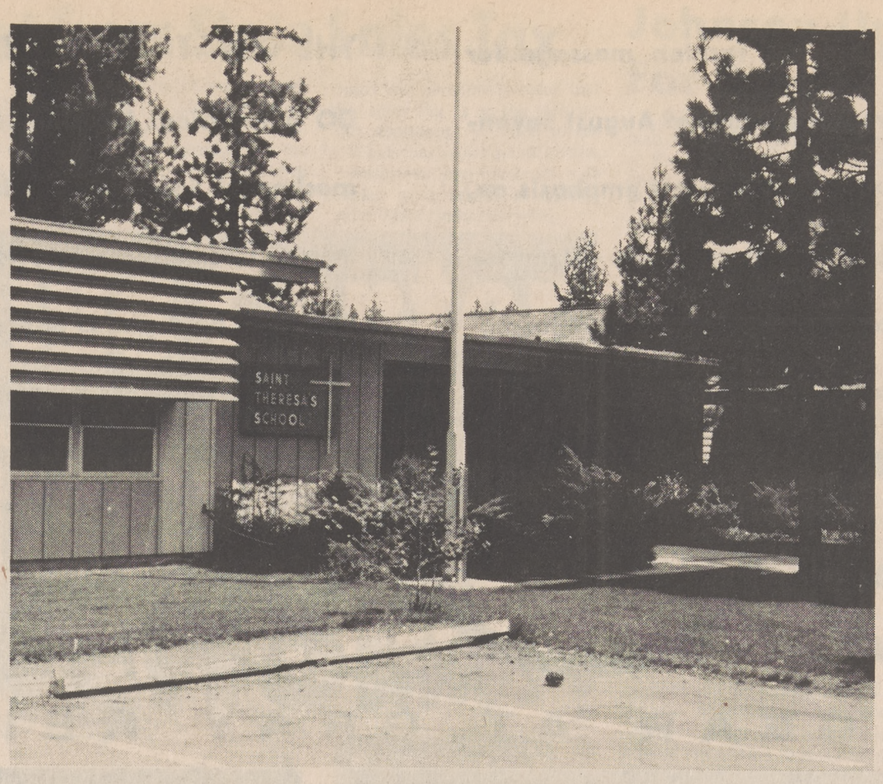
Initial registration has already been completed, however, any new registrations will be accepted after Aug. 19.

The school staff includes Sister Joellen Wilmarth, principal, along with Sister Mary Louise Hammond, Sister Denise Hamelin, Sister Camilla Longshore, Miss Susan Brace, Mrs. Ann Barkley, Mrs. Dorothy Meserva and Mrs. Colleen Cleveland.

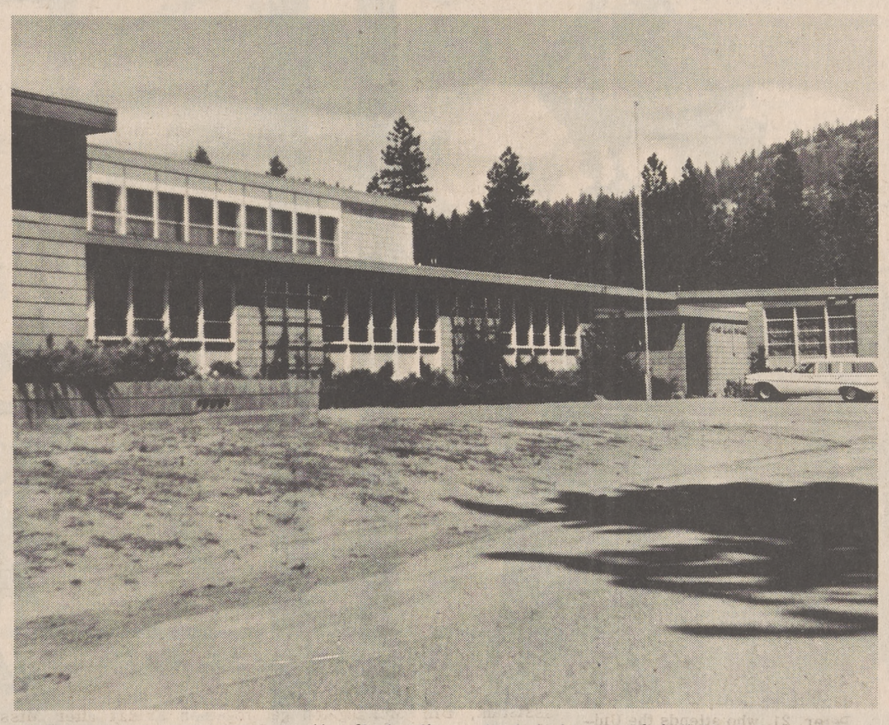
Parents wishing to register their childred should present birth and baptismal certificates at time of registration. First graders must have reached the age of six years on or before Dec. 2, 1968.

St. Theresa's is constantly adding new techniques and activities to the school curriculum for the students who range from the first through eighth grades.

Last year the school began a school lunch program and expanded the physical education department with more sports activities including a basketball team for sixth, seventh and eighth grade boys.



PAROCHIAL SCHOOL – Complementing the public school system in South Lake Tahoe is St. Theresa's Catholic School which is run by the Sisters of the Immaculate Heart of Mary Convent. Their school year runs concurrently with that of the Lake Tahoe Unified School District.



KINGS BEACH ELEMENTARY SCHOOL – The Kings Beach School with Harvey Price as principal will feature a pilot course this year for educationally-handicapped students. A committee of five made up of a doctor, a psychologist, a school teacher, nurse and principal, will decide if students need individual instruction in any given subject.

INCLINE ELEMENTARY – Incline Elementary School, part of the Washoe County School System, until this year was the only school serving Incline Village. Now students from seventh grade on will go to the new Incline Junior and Senior High School. Principal Carl Shaff will direct both schools.

Students Take Offices

Winners of a spring election to select student leaders for the 1968–69 school year at South Tahoe High School will take office this September.

Working in executive positions as studentbody officers will be Steve Crum, president; Pam Nourse, secretary; Sylvia Peters, treasurer; Connie McBride, business manager; Christie Atkins, chief justice; Linda Lindsay, rally commissioner; Nancy Mormando, head cheerleader; Linda Cassle, head songleader; and Phyllis Junibe, head junior varsity cheerleader.

Officers for the 1969 graduating class are Chris Hawks, president; Rod Round, vice president; Jane Mozley, secretary; Jenny Guyer, treasurer; and Jan Booker, class representative.

Representing the junior class as president will be Pat McWilliams. Vice president is Karl Winkleman, Chris Pate is secretary and Kathy Babich is treasurer. Teri Lindsay was elected class representative.

Sophomore class officers are Mike McWilliams, president; Tony Brunello, vice president; Jayne Rector, secretary; Karen Griffis, treasurer and Pam Gonsalves, class representative.

Cheerleading with Miss Mormando will be Gale Kamp, Michelle Menditto and Rhonda Rose. Miss Cassle is head songleader for Patty Brooks, Sandy Davis, Cindy Hadler, Cathy Marvin and Aileen Adams. Junior varsity cheerleaders in addition to Miss Kunibe, are Diane Whitely, and Chris Olson. Mascots are Barbara Koenig and Patty Padgurski.

Gray Reid's Features New Fall Fashions

Setting the pace back-to-school for the "go-generation" of Nevada and elsewhere in the nation, is the August, 1968, issue of Seventeen magazine – – with 434 colorfully edited pages comprising its current "Fashion Message."

For those who don't already have a copy, however, they may have trouble finding one!

The magazine's popularity locally was indicated this week when copies were received in Gray Reid's street floor magazine stand — and sold out within a few hours.

Also reflecting the magazine's standing with its solid young-fashion following is Gray Reid's policy of bringing its pages to five — annually — in Campus Corner merchandise selection, in its advertising of fall fashions locally, and in its annual Back to School Fashion Show.

This year will be no exception —with the evening of Aug.22 already set aside for the 1968 Fashion Message Show at Reno High School.

Jointly sponsored by Gray Reid's and Seventeen magazine, the event traditionally highlights fashions and contests for teenagers — and admission is always free.

This year a light-show and big-name band will furnish lively entertainment. Fashions from the pages of Seventeen will be modeled by Reno, Sparks and Carson City high school girls.

Seating is by ticket only, but it is possible to pick these up well in advance (no cost whatever) in the Campus Corner of either Gray Reid's store, Reno or Carson City.

Also geared to the GO-generation will be a Gray Reid's award, to be made Sept. 3 of a Honda, with the winner to be announced on radio.

Believing this year's fashion message to be one of the most exciting and adaptable in many years — with unlimited possibilities — Gray Reid's merchandising staff say the keynote is the put-together aspect of many, many looks.

It's "Do Your Own Thing" – – the fashion message hot off the presses and fresh from the pages of August Seventeen.

The "Separates Scramble" features vests with skirts, jackets, shirtings — even pants with a new wide-leg stance.

Leathers and "fantastic fakeries" of cotton-backed vinyl take on an antiqued look, combine dashingly, sleekly with most other spirited separates this season.

Men's-wear fabrics to feminine in "Haberdashery Mix-ups."

Bonnie Prince plaids parade tartans — even on taffeta dresses — with Annie Laurie velvets in a Great-Scot series.

With so many different and fascinating roles to play in this fall's fashion picture — school campuses are bound to feature new fashion individuality not seen in years!

Each look requires its own make-up, undergarments and accessories — making everything fair fashion game this fall.

To sum it up — the trick is in switchery bewitchery — in "doing your own thing" with individual flair.

College Reflects Growth Trend

In 1966, almost 37 per cent of the 18–21 age population was enrolled in college, up from 26.7 per cent in 1960. The estimate for 1975 is 41.4 per cent.

National Banks Exempt From State Sales Tax

SACRAMENTO – The State Board of Equalization has advised thousands of retailers who sell supplies to national banks that a recent U. S. Supreme Court decision does not exempt their sales to banks from the California sales tax law.

The board noted that the high court last month held that the Massachusetts sales tax did not apply to sales to national banks. Our law, the board said, imposes the tax directly on the retailer, while the Massachusetts law makes the tax the responsibility of the buyer.

Federal law exempts the direct imposition of a sales tax on a national bank.

The California Supreme Court has previously ruled that the state tax is on the retailer and applicable to sales to the 100 national banks in California.

Retailers may contract with banks to continue to include sales tax reimbursement.

Johnson Urges Funds For School Assistance

WASHINGTON — Congressman Harold T. (Bizz) Johnson of the Second (mountain-valley counties) District has urged President Lyndon B. Johnson and his budget director Charles J. Zwick to release $91 million appropriated by Congress for assistance to school districts affected by heavy federal employment.

"Local school districts have proceeded on the faith the federal government will meet its fiscal 1968 obligations," Johnson declared in a wire to both officials.

Johnson said he hoped the Bureau of the Budget would release these funds in time to make them available to local school districts in the immediate future.

The $91 million was contained in a supplemental appropriations bill for fiscal 1968 expenditures. The bill was not signed into law, however, until July and the start of the new fiscal year. This cutback imposed by Congress on fiscal 1969 money should apply.

"I do not believe we should try to escape our obligations through a technicality," Johnson said.

The "impacted areas" funds, Johnson explained, are to meet the federal government's obligations to school operational costs in areas where sizeable federal installations contribute to the enrollment problems of local schools. With substantial acreages of federal ownership in the Second District these amounts are considerable.

Firefighting Terminology

Endeavoring to eliminate obsolete phraseology and keep persons informed on current use of chemicals fighting brush and forest fires, the following up-to-date information is offered by Monsanto Co.

The three prime Southern California brush and forest fire fighting agencies, Los Angeles County Fire Department, the State and U.S. Forest Services, all use fire retardant chemicals in addition to water.

They are usually applied by air drops from fixed wing aircraft and helicopters. None of these agencies now use borate in any form making phrases such as "borate bomber" now obsolete.

Two fire retardants currently in use: Phos Chek, a product of Monsanto, and Firetrol, produced by Arizona Agro Chemical. Both are considered long term fire retardants and act as fertilizing agents to encourage after-fire growth.

The Los Angeles County Fire Department uses Phos Chek. The state and U.S. forest services use both Phos Chek and Firetrol depending on the particular base of operation.

TAHOE MUSIC CAMP -- Some 300 students from several Western states are participating in the 12th Annual Lake Tahoe Music Camp of the University of Nevada. Victor Chiodo, music instructor at the South Tahoe Intermediate School, looks over the music being played by two of his students. They are David Radke, and eighth grade trombonist, and Ken Womack, seventh grade, playing the trumpet. Both students are residents of South Lake Tahoe and will attend the camp through Aug. 17. Dr. John Carrico, professor of music at the University of Nevada, is director of the camp located on the site of the 4-H Camp at Stateline. — Tribune Photo

County Notes Fund Surplus

RENO – Washoe County wound up with a surplus of $127,300 over original budget estimates after starting out with a budget of $10 million for fiscal year 1967-68, according to C.B. Kinnison, county manager.

Kinnison told the county commissioners the money is probably the result of a letter sent to department heads by the commissioners instructing them to "use all possible caution due to a tight budget."

The money includes $10,000 in federal funding for the health department which does not reflect in tax rates.

But Reno City Manager Joe Latimore claims the report sent to the tax commission contained errors and that corrected figures should "come fairly close to estimates."

Reunion

A Sherman Institute Reunion will be held Aug. 24, at the Elk Grove Park, Elk Grove, Calif. (15 miles south of Sacramento, on Highway 99.)

It will be an all-day social with a banquet at 9 p.m. in the Elk Grove Park Hall.

Booklet Out On Prevention Of Burglaries

SAN FRANCISCO – "Preventing Burglary and Robbery Loss," the newest publication of the U. S. Small Business Administration is now available for free distribution, according to Robert Strauss, SBA Regional Director.

Written by S. J. Curtis, management consultant of Dayton, Ohio, the pamphlet discusses in detail the precautionary measures that may be taken to reduce the impact of burglary and robbery ... and is the third in a series of "Small Marketers Aids" on crime prevention:

SMA 119: "Preventing Retail Theft"

SMA 129: "Reducing Shoplifting Losses"

SMA 134: "Preventing Burglary and Robbery Loss"

Strauss invites small businessmen to order these pamphlets as well as the complete listing of free publications (115A – SBA) from: Small Business Administration. 450 Golden Gate Ave., San Francisco, Calif. 94102.

Most Fatalities In Rural Areas

Seventy per cent of all fatal auto accidents occur in places classified as rural, and the death rate is highest on older, two-lane country roads.

The California State Automobile Association says slow down, be patient with slow moving vehicles and pass only when it is clearly safe to do so.

Whenever driving watch that speedometer, reminds CSAA.

Driving at highway cruising speeds for an extended period can lull you into a false sense of security. Stay alert and drive defensively.

More than half of all traffic fatalities occur at night although there is far less driving after sundown.

The automobile association says the best advice for night vacation driving is — avoid it as much as possible.

If night driving must be done, have someone drive who is not drowsy, keep your windshield sparkling clean, and drive at reduced speed.

Minors Target Of Campaign

SACRAMENTO – "Operation Minus 21," a campaign sponsored by the State Department of Alcoholic Beverage Control encouraging minors to observe laws pertaining to alcoholic beverages, is gaining acceptance – and momentum – throughout California.

Department Director Edward J. Kirby said the program, launched last May with the publication of 450,000 4-page leaflets titled "Stop and Think Before You Drink," has received excellent response from the general public as well as from school officials, state legislators, enforcement agencies, city and county officers, and from minors themselves.

Kirby said the leaflet, which spells out the alcoholic beverage regulations including those provisions which make it unlawful for a minor to possess, purchase or consume alcoholic beverages, is being distributed to high school and junior college students and to enforcement agencies.

Laxalt Has Basque Story In Magazine

RENO – A colorfully illustrated article on the ancient and mysterious Basques and their homeland appears in the August issue of National Geographic under the by-line of University of Nevada author Robert Laxalt.

Laxalt's reporting is based upon a year he and his family lived in the seven Basque provinces during a leave of absence from his post as director of the University Press.

"It is not a country by political fact or boundary, but rather by racial identity," writes Laxalt of Eskual Herria, the Basque name for the area in which nearly 900,000 Basques now live and in which both of his parents were born.

He notes that originally, as a closely knit society of clans, the Basques probably peopled a much larger area than the tiny portion of southwest France and the neighboring region of Spain in which they live today.

Laxalt adds:

"Later the clans withdrew into a smaller confine and grouped themselves into adjoining republics governed by elected rulers. Though these republics were completely democratic and independent of each other, they were united by language and blood.

"Eventually, the republics succumbed to the weight of great nations and were divided between France and Spain. Basque rights of self-government were slowly surrendered to French and Spanish national policies.

"It is because of this division that the great Basques of history have been identified as citizens of Spain or France. Few people know today that Basque blood ran in the veins of Juan Sebastian de Elcano, who was one of Magellan's officers and who after ,Magellan was killed in the Philippines, became captain of the first ship to circumnavigate the globe. Another Basque, St. Ignatius of Loyola, founded the Society of Jesus. Simon Bolivar was only one of many political leaders of Basque descent who shaped the destinies of Latin America. And the Basques gave Maurice Ravel and Pio Baroja to the worlds of music and letters."

The search for the origin of the Basques has been baffling, says Laxalt. Theories range from the fantastic and possible to the probable. One listed by the author as being in the latter category is that the Basques are descended from the likewise mysterious Iberians who once peopled Spain.

The Basque language is unrelated to that of either their French or their Spanish neighbors. On the other hand, language scholars at times have found links between Basque and such far-flung languages as Finnish, Gaelic, Welsh, Georgian, Eskimo and Japanese.

National Georgraphic editors preceded the article with a note telling how a Basque cab driver in Biarritz, France, remarked to Laxalt with obvious pride: "You know we have a Basque governor in the United States now."

"Yes," replied Laxalt, "he is my brother Paul," referring, of course, to Gov. Paul Laxalt of Nevada.

The color photographs included in the 38-page article were taken by William Albert Allard, who was personally guided through the Basque land by Laxalt during a second trip.

Rotary Days At Cal Expo

SACRAMENTO – "Rotary Day" will be celebrated at The California Exposition on Thursday, with Rotarians from throughout California gathering at the official new "Showcase of the Golden State" in Sacramento.

According to Rotarian Julius Philipps, general chairman for the event, special invitations to attend have been sent to 4,000 Rotarians in 60 Northern California Rotary Clubs.

Some Western Nevada and Southern California Rotarians are also expected to be on hand.

Serving as hos club will be the Sacramento Rotary Club, presided over by Dr. Albert Sessarego, Assistant Superintendent of Schools, Sacramento Unified School District.

Aging Mouse

Mickey Mouse, who still shows up occasionally on NBC-TV's "Walt Disney's Wonderful World of Color," celebrates his 40th birthday this year.

California Educational System--Still The Best?

By Elmer Wells
Editor, Education News Service

BURLINGAME – For many years, California's public education system has enjoyed a good image nationally. It's the kind of image that has attracted educated parents, professional people, business and industry into the state, and caused them to stay.

Now, unfortunately, some of the luster is wearing off of our public education system. There is all kinds of evidence:

California's pupil–teacher ratio is higher than the national average.

Our urban schools, which enroll over 25 per cent of the youngsters, are not getting enough financial support to provide the kind of education needed to help educationally deprived children to become productive, responsible citizens – and off the welfare rolls.

Our rural schools, which enroll 20 per cent of the youngsters, do not get enough money to retain experienced teachers.

We have a continued teacher shortage because, despite increased salaries and fringe benefits, our school districts cannot compete with business and industry.

All the funds to provide the kind of textbooks we need to meet the special needs of all children are not being appropriated.

In fact of these and many other shortcomings, there seems to be a hue and cry in some quarters of the state that we cannot afford more money for education. This, however, is far from the truth.

The truth is that California, which has a higher per capita income than any country in the world, including the United States, is not giving education enough money to keep up with the costs of inflation. Also, we are not giving education as much of our per capita wealth as are many other states.

In the past 10 years, for example, California's support for public education has increased 75.2 per cent. This, unfortunately, is below the national average of 81.5 per cent. We are in 16th place nationally in this regard.

WHITTELL GRID BLEACHERS – Under construction for the 1968 football season at Whittell High are concrete bleackers. Eight of 11 rows are completed. This will increase seating capacity from 500 to 1,000, with each row 80 feet wide. George Snyder, custodian, has kept the field in perfect shape, according to William Wright, principal. —Tribune Photo.

Sales Manager Named For Biszant Interiors

Biszant Interiors has announced the appointment of C. L. Hutchison as sales manager for a branch office and gallary soon to be opened at Incline Village.

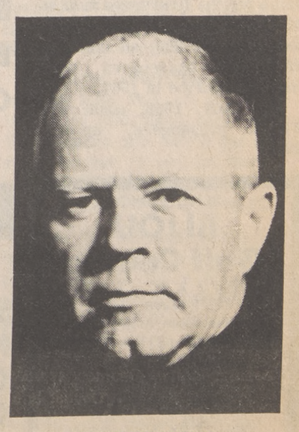
Hutchison has over 20 years' experience in restaurant design and food service consulation as president of the Frank M. Booth Corp. He later was vice president and sales manager of Goodman Associates, an interior design firm in Incline Village.

The new contract division of Biszant Interiors will service apartment buildings, motels, restaurants, businesses and subsub–divisions for both sides of the lake.

"We are set up to co–ordinate complete interior schemes with draperies, lighting fixtures, floor coverings and accessories," said Hutchison.

He added that new construction is beginning to look more lively and that North Shore construction is very active at present.

Hutchison resides in Incline Village with his wife, Barbara, and three daughters —Keli, 4, Debra, 10, and Lynda, 14.



C. L. HUTCHISON
. . . named manager

Commuter Survey

"Do you work? How do you travel to your job? How far is it? How long does it take to commute?"

These are among questions which will be asked in 13,000 homes in Sacramento and other cities within a 50-square-mile area of the state's capital beginning Aug. 14.

Trained representatives of a regional transportation study group will be canvassing households for the next 10 months. They will identify themselves with badges and identification cards.

Purpose of the intensive study is to develop a "mathmatical model" of transportation needs in the area around the state's capital. This will make possible accurate prediction of future highway and mass transit needs.

Each person queried will be adding an essential piece of information to the massive transportation study.

Over 22,000 motorists have already given researchers information which will be plotted in mobility patterns.

The survey will not be complete until information from homes is combined with data from the anticipated 60,000 motorists interviewed along major highways.

Those who aid in the surveys will be giving vital assistance to the development of transportation patterns of the future.

The study involves five counties. It is conducted cooperatively by the Sacramento Area Regional Planning Commission, local government agencies, the U. S. Bureau of Public Roads, Federal Aviation Agency and the State Division of Highways.

Raggio: Bible Likes Fortas' Appointment

RENO — William J. Raggio, candidate for the GOP nomination to the U. S. Senate, called upon Senator Alan Bible "to let the people of Nevada know that he is going to vote for confirmation of the appointments of Abe Fortas and Homer Thornberry as chief justice and associate justice of the United States Supreme Court."

Raggio said last week he knows for a fact that Bible approves of the appointments, but continues to remain silent on the issue.

Raggio noted that he took a stand on the issue when the appointments were first announced, and called upon both Nevada senators to oppose them.

However, he said, Cannon wrote him that he would endorse the appointments, and Bible claimed he did not get Raggio's telegram.

Raggio also noted that his primary opponent, Lt. Gov. Ed Fike, has remained silent on the issue of the appointments and "must face up to the issue."

A Tip On Auto Registration

California motorists are reminded that visible display of vehicle registration cards in vehicles is no longer necessary under new vehicle code laws.

However, the law still requires that the registration card be carried with the vehicle and shown to a peace officer on demand, reminds the California State Automobile Association.

The CSAA urges motorists to remove the registration card and other identifying documents from public view inside their vehicles.

This will help prevent house burglaries by thieves who had been checking registration cards for the addresses of potential victims while vehicles were parked at airports, supermarkets, and the like.

Rapid, official identification of vehicle owners through license plates seldom encounters serious delay when it is important to know promptly the owner of a car or truck, the motoring organization added.

Air West Notes Gain

SAN FRANCISCO — Air West carried 19 per cent more passengers last month than its three pre-merger partners did in July, 1967.

The percentage gain was the same for the first seven months of this year, when boardings totaled 1,772,220, an increase of 287,620 passengers over the same period in 1967.

The July, 1968, count was 279,440 passengers, up 45,280.

Committee Appropriates $8.1 Million For Nevada Schools

WASHINGTON — Sen. Alan Bible successfully held an increase of $815,000 in Nevada school impact funds as his Senate Appropriations Committee approved $8.1 million in educational assistance for the state.

Bible said Nevada public schools, universities, libraries and community educational services will benefit from the Health, Education and Welfare Appropriations Bill which now goes to the full Senate.

Bible, a senior member of the money committee, secured approval of $3.5 million as Nevada's share of impact funds — a substantial increase over the budget request of $2.7 million.

Bible described the administration request as "clearly inadequate" and said the higher figure was required to compensate Nevada school districts whose enrollments have been substantially increased by childred of federal employees.

Also approved for Nevada, Bible said, was $2.1 million under the Elementary and Seconday Education Act, which includes assistance for educationally deprived children, school library materials and equipment for classroom and laboratory use.

Nevada's senior senator was instrumental in securing $114,000 in matching funds as Nevada's share for the purchase of classroom materials, part of a substantial increase in the budget request.

Bible also nailed down an additional $30,000 to supplement the $101,447 voted by the committee for the purchase of library materials in Nevada.

The committee approved $1.2 million for medical programs in Nevada, plus $850,000 for construction of hospitals and mental health centers. Another $95,000 was ticketed for air pollution control research and project grants.

The measure also contains funds for social security and various welfare programs in Nevada.

The committee approved more than $1 million for higher education in Nevada, including $358,790 for construction and $479,162 for student aid in the form of grants, loans and the college work-study program.

Other Nevada programs getting full funding were vocational education ($588,898) and improvements of libraries and community educational services ($573,542).

Department of Labor programs in Nevada received $5.6 million, including $4.2 million for the activities of the State Employment Security Department and almost $1 million for the Manpower Development and Training Program.

Doctor Gives Safety Notes On Bicycling

More bicycles are ridden during the summer season than at any other time of the year. Parents whose children ride bicycles should keep certain accident hazards in mind, according to the California Medical Association.

Two kinds of braking systems for bicycles are currently available. The simplest to operate is the coaster brake, which requires only that the direction of the pedals be reversed.

To apply reverse pedal pressure the arms are used to push the main weights of the body back from the handle bars and onto the pedals.

This bracing action tends to keep the rider from being pitched headlong over the front wheel as the cycle stops.

Becoming increasingly popular with youngsters are bicycles with gears which permit the use of multiple speeds. Usually, such cycles are equipped with brakes operated by special grips applied to the handle bars.

Cables transmit the pressure from one hand grip to the front wheel and from the other grip to the rear wheel.

If equal pressure is applied to both wheels the braking action of this system is excellent, but obtaining this result requires a degree of skill not possessed by all children.

It too often happens that most of the braking is applied to the front wheel, flipping the bike so that the rider is thrown head-first to the pavement.

Hand brakes also add to the risk of severe injury by encouraging coasting with the weight suspended over the handle bars instead of back over the pedals.

In addition, parents considering the purchase of bicycles should ponder the availability in their neighborhoods of areas safe for cyclists.

Physicians are reporting more fatalities and serious head injuries from falls, particularly from bicycle accidents, in the 5 to 15 age group than all other causes combined.

Here are four CMA suggestions for reducing the danger to children:

— Give more thought to matching the bike to the skill of the rider.

— Beware of hand brakes for younger children.

— Provide a hard helmet, similar to those worn by motorcyclists, to be worn while bicycling.

— Make certain that lights (the tail light in particular) are installed, maintained, and used when younsters ride in darkness and/or times of poor visibility (dawn, dusk, rain, fog).

— If your neighborhood does not provide safe areas for bicycling, consider restricting the child to safe areas.

Talking About The Heat Doesn't Help

You can keep your "cool" longer this summer if you keep heat out of your conversation.

Psychologists say that when we complain about how hot we are we soon make ourselves, and those around us, weather weary. Actually there's plenty we can do about hot weather besides talking about it. Here, from the makers of Bayer Aspirin, are some helpful hints for a cooler and healthier summer:

Take on fewer calories. You don't need as much food in summer as you do in winter.

Drink plenty of fluids. Studies show that failure to take on plenty of cool drinks when we're perspiring causes that dragged-out feeling many of us have at the end of a hot day.

Cool water, milk or fruit juices make excellent thirst quenchers.

Be sure to get enough sleep. In a study made among workers it was found that workers who had lost sleep suffered more from heat than those who had enough rest.

A semi-firm mattress and form-fitted sheets help. If muscles ache because you played or worked too hard, try a couple of aspirin tablets before bedtime to relieve the aches and make sleep more attainable.

Air conditioners are a help but if they're not in the budget there are other ways of cooling the home. Closing the windows and drawing the blinds during the heat of the day can make a difference of 10 degrees in indoor temperature.

An electric fan adds to comfort. Place it so it blows against an opposite wall. This keeps the air in motion. Attic fans help night cooling and keep roof heat from warming up upstairs bedrooms.

Drink alcohol in moderation in hot weather. Alcohol affects the body's heat control mechanism.

Though it may at first cool, it tends to build up rather than reduce internal heat.

Watch that urge to overexercise in warm weather months. After weeks of being pent up in winter we tend to over-do physical activity. Do as trained athletes do – break in gradually, pace yourself to avoid muscular aches and pains, and heart strain.

When you do take part in physical activity pick the cooler parts of the day when possible.

Cut down on some of the kitchen heat. Serve cool dishes such as salads.

Pick foods that require the quick broil rather than the slow bake. Make liberal use of frozen foods and take advantage fo that outdoor grill. Paper plates, cups and plastic utensils cut down on your work in the kitchen.

Don't worry about the color of your clothing.

Though dark colors absorb heat more than light colors the difference in reflective qualities of clothing is so small that color makes little difference to hot-weather comfort.

On those sweltering nights let the kids stay up a little later than their usual bedtime. The chances are they'll get to sleep sooner if you let them stay up later. And you won't get overheated arguing about it.

Avoid hot or cold showers. The best temperature for baths or showers is water of skin temperature, or slightly below 80 to 90 degrees. Water is more efficient than air in adding or removing heat. Cold water increases the body's insulation by shrinking the skin's blood vessels. Hot water takes the pep out of you.

Think cool!

Blaustone Named Dean Of Behavorial Unit

Tahoe Paradise College has announced appointment of Don Blaustone as dean of the Behavioral Science Institute, a division of the college.

Blaustone will be heading one of approximately five such institutes in the United States and this will be a significant addition to the curriculum at the college, spokesmen say.

Both government and industry have taken increasing interest in the type of research done in such institutes.

This research has been instrumental in aiding in the understanding and solution of social and civil unrest.

The second phase of the program trains students to work in the various fields of psychology, sociology, social work, and related areas.

Blaustone, educated at Texas University of Arts and Industries, first came to Lake Tahoe as director of secondary guidance for the local school district in 1963.

Since the beginning of Tahoe Paradise College, he has served the beginning of Tahoe Paradise College, he has served as dean of student life and has taught both psychology and sociology.

He is also a member of the college board of trustee, and currently is president of the South Lake Tahoe Mental Health Association and local chairman of the Olympic High Altitude Training Committee.

DON BLAUSTONE
. . . gains new post

Station Open Through July

ZEPHYR COVE — Glenbrook Fire Station will remain in operation through next July at least.

According to Les Berkson, attorney for the Lake Tahoe Fire Protection District, "we're going to borrow the needed $19,000 from the Douglas County general fund."

"It's an emergency loan, and as it turns out, the loan will be strictly through the county and fire district, inasmuch as the state does not have to approve it," Berkson said.

Three men and three engines are affected by the move.

Ponderosa Tours Offered

An economical three-hour tour to the famed Ponderosa Ranch is now available through Gray Line Scenic Tours, headquartered at Hotel Sahara-Tahoe.

Every day at 10 a.m. a Gray Line limousine leaves the hotel with sightseers who wish to see the Ponderosa Ranch, a replica of television's "Bonanza" setting.

Price for the three-hour tour is $4, plus gate fee, for adults. Children are charged half the fare.

County Has Job Openings

AUBURN — Placer County Personnel Department Administrative Center has job openings for qualified medical records librarians and X-Ray technicians

Medical records technician position pays $457 – $556 a month Final date to file applications is Aug. 19.

X-Ray technician position pays $469 – $570 a month. Final date to file is Aug. 16.

City, County Note Retail Sales Gain

SACRAMENTO — Taxable sales in El Dorado County rose 3.8 per cent compared to a statewide gain of 6 per cent for the first three months of 1968 over the same period a year aog, the State Board of Equalization has reported.

Seven of the nine major urban counties exceeded the average gain, and two tripled. Orange led this group with a 20 per cent jump over the same 1967 period, member Paul R. Leake said.

Taxable sales in South Lake Tahoe reached $4,076,000 for the period, but tax rate and base changes made comparisons of city sales difficult.

A boom in new car sales of 13 per cent in January, February, and March over the comparable period helped 55 of the 58 counties show a plus in taxable sales.

New vehicle sales alone account for about 12 per cent of all taxable sales in California. Used vehicle sales also were up 6-1/2 per cent over the 1967 first quarter.

Total taxable sales set a record $8.6 billion total for the quarter and 9 per cent increase over the period a year ago.

California received $349 million in revenue from its 4 per cent sales and use tax, and collected another $87 million for cities and counties under their 1 per cent levy.

Totals did not include sales of an estimated $2 billion for exempt food, gasoline and prescription drug sales.

Local Soldier Earns Medal

FT. CARSON, Colo. – Army Spec. 4 John S. Fleming, son of Mr. and Mrs. Kenneth J. Fleming, South Lake Tahoe, received the Army Commendation Medal July 16 at Ft. Carson, Colo., for meritorious service with the U.S. Army.

Tahoe Pact O.K. Seen

RENO, Nev. — State Sen. Coe Swobe, R–Reno, is "guardedly optimistic" approval of a California–Nevada Lake Tahoe Interstate Compact to guard against pollution and control development in the lake basin may come during the current session of Congress.

Swobe, who authored the Nevada version of compact legislation finally accepted by California, made the comment after he returned to Reno from Washington, D.C., where he spent a week conferring with legislators from both states, their aides and federal officials.

"The key is whether Congress meets its target date of Sept. 13 for final adjournment," Swobe said. "If it doesn't — and several congressional leaders doubt it will — compact consent legislation may be adopted before the session is completed."

El Dorado County Fair 'Cycle Races

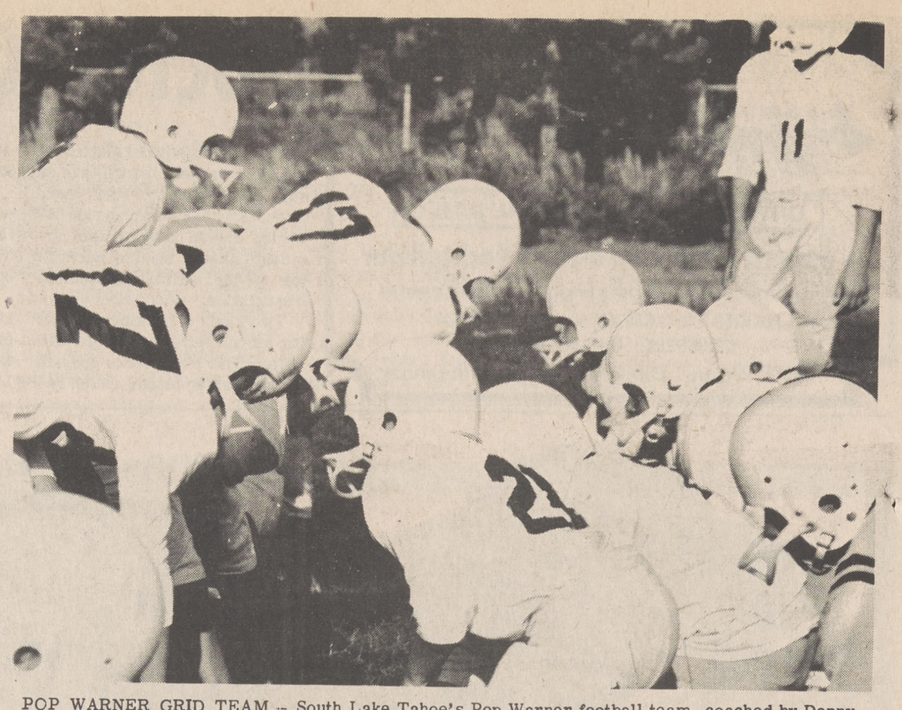
Professional motorcycle riders will be competing for $750 in cash prizes in a racing program at El Dorado County Fair, Aug. 17 at 8 p.m. on the race track in front of the grandstand.

Bob Amburn, secretary of the Placerville Motorcycle Club which is helping organize the races, says there will be novice, amateur and expert classes. In each class there will be heat races, two trophy dashes, plus a novice heat, an amateur and expert heat combined.

There will be two main races with 10 competitors in each.

A field of 120 riders is expected from the San Francisco Bay Area and Northern California.

In charge of races for the fair is Richard Hirst and Al Hinds.



POP WARNER GRID TEAM – South Lake Tahoe's Pop Warner football team, coached by Denny Round, and assisted by Joe Round and Bill Cole, work out at the Intermediate School. Practice is held daily from 4:30 on. Interested boys 12–14 years of age may still try out by showing up on practice days. Call Ed Gould at 544–2795 for further information. –Tribune Photo.

Tree-Cutting Halt Called In Tahoe Paradise Area

California Tahoe Regional Planning Agency Wednesday called a complete halt to further tree cutting on a 52–acre Tahoe Paradise tourist commercial and industrial development east of South Tahoe Airport.

The move backed up a tree cutting stop order issued by the agency on an emergency basis July 26.

It overrode El Dorado County's tree cutting permit issued July 22.

The county allowed the cutting of trees on Tahoe Paradise Unit 6, 7, and 8, providing that the developer replace ground cover and replant trees on sideyards and setbacks.

The motion to disallow any further tree removal, thus reversing a permit issued by the county, was made by Frank Souza, It carried 4–1, with 5th District Supervisor Jerry Martin voting against the measure. Martin explained that he thought "something could be worked out."

The case for Tahoe Paradise was presented by its attorney, Bartley W. Cavenaugh Jr.

Cavenaugh explained that Tahoe Paradise had complied with all established procedures in pursuing development of the land.

He said 11 acres were being cleared for roads with the job three–quarters completed. He reported the contractor that is building the roads was also doing the lot clearing. Cavenaugh noted that some of the lots have been sold and the balance is on the market.

"Tahoe Paradise has not removed trees unnecessarily," Cavenaugh said. "There are 13 acres on which the trees will be left untouched."

Twenty–seven acres, about half the property, has to be completely graded to bring the lots to proper engineering specifications. One–half of that acreage, about 13 acres, has already been cleared of trees.

Citing the agency's goal to preserve the Tahoe esthetic environment, the board reaffirmed its order forbidding further tree cutting on the development.

Zephyr Cove Registration

Registration for new students and for students who did not register before the close of school at Zephyr Cove Elementary School will be held during August from 9 – noon and 1 – 3 p.m., according to school officials.

Council Against Tax Measure

South Lake Tahoe city council has resolved to encourage "no" votes on a proposal to limit property taxes in California.

Nevadans Honored For Duty

CARSON CITY – Dr. Stanley C. Palmer and George Campbell, both of Reno, have completed terms on the Nevada Scientific Advisory Committee for Selective Service.

Col. Addison A. Millard, Nevada director of Selective Service, awarded certificates of appreciation to Dr. Palmer, who has retired, and to Campbell, who is geing transferred to California, for their service to state and country.

As members of this five-man committee the two men reviewed and made recommendations on the deferment of the draft status of young men in Nevada.

Criteria considered: is the activity the registrant is engaged in necessary to the national health, safety and interest; is there a shortage and can the individual be replaced; is there a shortage of technicians or scientific personnel in that particular field; and would the removal of the individual cause a material loss of effectiveness in that particular field?

Pacific Telephone Company Commercial Wins Award In National Competition

Pacific Telephone has received the Distinguished CLIO Award for its 60–second television commercial, "Dial 'O'."

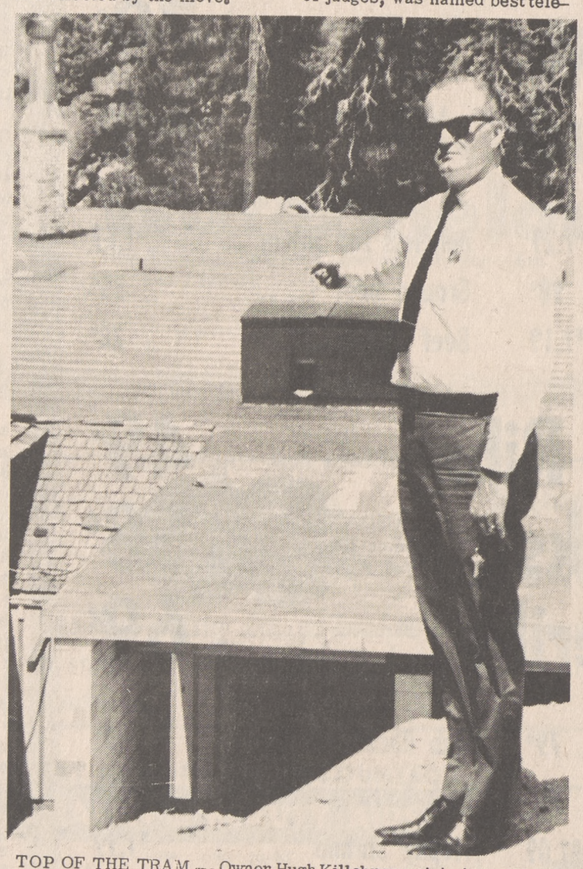
The commercial, honored in national competition by the American Television and Radio Commercials Festival panel of judges, was named best television commercial of the year produced by utilities. It features a mother teaching her child how to dial the operator.

Judges evaluated more than 2,000 television commercials covering all categories in the process of picking CLIO winners.

Now in its seventh year, CLIO was inspired in its name by Greek mythology _ from Clio or Kleo, one of the nine muses, the proclaimer, glorifier and celebrator of accomplishments.

In addition to the CLIO TV Award, Pacific Telephone also recently won a "National Addy Award" presented by the American Advertising Federation for its 20–second television commercial, "Baby–Sitter."

The commercial shows a sleeping baby while the sound tract carries the voice of a mother giving instructions to the baby–sitter,



TOP OF THE TRAM — Owner Hugh Killebrew points towards the rear of the Pioneer Restaurant which is under expansion for the coming ski season. To be known as the Top Of The Tram, the new facility will feature cafeteria style dining with seating for nearly 1,000. The resturant, located at the top of the tram in Heavenly Valley, is part of a continuing expansion program. At the base of the tram, the ski lodge is also undergoing new construction which will eventually lead to a four–story structure. Last year the emphasis at Heavenly Valley was on development of new ski trails and lifts. This year expansion of existing buildings is in the forefront, with some construction still continuing on the ski trails. Killebrew hopes to make Heavenly Valley the largest ski resort in the world. Planned for the future is a 1,000 room lodge near the top of the tram and a ski lodge on the Nevada side of the Heavenly Valley tract. — Tribune Photo

Rate Increase

CARSON CITY — All Nevada railroads have asked the Public Service Commission for an average 3 per cent increase in freight rates on intrastate traffic, it was announced.

PSC secretary, Gene Milligan, said, "The proposed increase will include commodities in Nevada such as natural cement, coal, fuel oil, scrap iron, ore, precipitates, limestone, water, gypsum wallboard, plaster, crushed rock, asphalt and others."

Milligan said, "A consolidated statement by the railroads indicates a total of 823 railroad cars were moved within the state which amounted to 44,113 net tons of freight, gross revenues of $77,068, total expenses of $121,934 which resulted in an overall loss of $44,866 in 1967."

Union Pacific Railroad Co. is the major rail carrier in Nevada. In 1967, the company lost $42,713.

Final Arts, Craft Course Scheduled

South Lake Tahoe Recreation Department will present the last course in a series of arts and crafts classes for the summer beginning Aug. 15, and continuing through Aug. 19.

Class work will be held from 9 a.m. to noon at South Tahoe High School art room No. G–1.

The class will include instructions on ceramics casting and potter's wheel techniques. Clay, glaze, materials and tools will be furnished by the recreation department.

Fee for the 15–hour session will be $10 per student. For further information call Dan Dvorak at 544–4531.

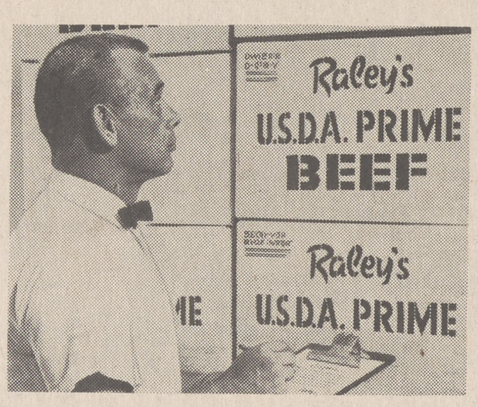
RALEY'S PRIME BEEF HAS MORE TENDERNESS!

Read About Our Amazing New Aging Process That Results In More Tender, Flavorful Beef

RALEY'S BEEF IS AGED IN SEALED AIRTIGHT PLASTIC BAGS. BEEF AGES WITHOUT LOSING JUICES.

Virtually every other Supermarket hangs their beef in a cooler to age. This causes shrinkage because the beef is exposed to the air. Shrinkage results in a loss of moisture (juices and flavor). After Raley's beef is processed it is immediately placed in plastic bags and sealed airtight. We can age it longer for greater tenderness *without* any loss of juice and flavor.



RALEY'S BEEF IS AGED DATED
Bill Ballew, Meat Supervisor, checks age dating on packages containing Raley's "Prime" Beef. Raley's beef is aged 3 times longer for greater tenderness.

RALEY'S BEEF IS CUT BY HAND
Raley's meats are *never* cut on a power saw. Every steak and roast is a perfect, well trimmed cut — free of excess fat and bone.
